June 28, 2016

Members of the Board of Commissioners and citizens of the County of Ottawa:

Local governments are required to complete a set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited by a firm of licensed certified public accountants. Pursuant to those requirements, we hereby issue the Comprehensive Annual Financial Report for the County of Ottawa, Michigan ("the County") for the fiscal year ended December 31, 2015.

Management of the County has established a comprehensive internal control framework to provide a reasonable basis for this report. Because the cost of internal controls should not outweigh their benefit, the internal control framework of the County is designed to provide reasonable, rather than absolute, assurance the financial statements are free from any material misstatement. Management assumes full responsibility for the completeness and reliability of the information presented in this report and we believe it to be complete and reliable in all material respects.

Vredeveld Haefner LLC, an independent firm of certified public accountants, has audited the financial statements contained in this report and has found them to present fairly, in all material respects, the financial position of the County. Vredeveld Haefner LLC also performed a single audit in conformity with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Information related to this single audit, including the schedule of expenditures of federal awards, schedule of findings and questioned costs, and independent auditor's report, can be found at the end of this report.

GAAP require management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of the County

The County was established in 1837 and encompasses approximately 565 square miles of the southwestern portion of Michigan's Lower Peninsula, including over 30 miles of Lake Michigan shoreline. The six cities, one village, and seventeen townships of the County are home to approximately 276,292 people, making the County the eighth most populous county in the state. Since 2010, the County has been the fastest growing county in the state and has been named Michigan's Healthiest County three times. The County is governed by an 11-member elected Board of Commissioners ("Board") and provides a wide range of services to residents, including law enforcement, administration of justice, community development and enrichment, health and human services, and recreation. Thanks to the sound management by the Board, elected officials, and appointed county administration, the County continues to maintain a healthy financial status, including high credit ratings, low interest rates, and the fifth lowest general property tax levy in the state.

Although considered legally separate entities, the County works closely with its six component units – Office of the Water Resources Commissioner, Public Utilities System, Central Dispatch Authority, Economic Development Corporation, Land Bank Authority, and Road Commission – as well as the two blended component units – Building Authority and Insurance Authority to provide the citizens of the County additional services.

Local Economy

As the State of Michigan's housing market fights to rebound, the County continues to see a strong real estate market and increasing property values. The Taxable Value on the Ad-Valorem Roll increased 5.59% in 2015 and Taxable Value now exceeds the previous peak experienced in 2009. The County is anticipating additional challenges when looking ahead to 2016, due in part to the federal government setting the inflation rate at zero, the implementation of the State Personal Property Tax reform, and the plan to proactively set aside funds for property tax values under appeal.

Sustained economic growth by the County, including a 2.5% increase in Gross Domestic Product, has helped attract significant business development and expansion to the area. The Grand Rapids-Wyoming MSA (which includes the County) was ranked 21st in the nation for “Best Performing Large Cities” last year by the Milken Institute, a nonprofit, nonpartisan economic think tank. The annual unemployment rate decreased from 4.7% to 3.5% in 2015 and looks to only decrease further in 2016.

The County officially launched the Great Lakes Ag-Tech Business Incubator in December 2014. The non-profit corporation, which helps farmers and entrepreneurs turn their ag-tech machine, equipment, software ideas and inventions into businesses, had five businesses sign or commit to agreements, 20 prospective clients awaiting screening, and 12 entrepreneurs referred to other economic development agencies in the first year of operations.

2015 proved to be the busiest year for county-wide brownfield redevelopment activities since the Ottawa County Brownfield Redevelopment Authority (OCBRA) was established in 2008. Using federal funds from a grant award from the Environmental Protection Agency, the OCBRA was able to provide financial assistance for 26 projects in 12 municipalities across the County. Using \$243,000 of grant funds, the OCBRA was able to leverage an estimated \$40 million of investment in acquisition and redevelopment in the County, as well as the creation of a projected 300 new full and part time jobs.

Impacts of regionalization and Governor Snyder's Regional Prosperity Initiative continue. In positive ways, the Grand Valley Metro Council continues to lead the West Michigan Prosperity Alliance division of this effort, promoting regional projects, including the Muskegon Port initiative, over the 13 county area. However, regionalization also meant the County saw the elimination of Michigan Works! In 2015, as Governor Snyder mandated a variety of changes that moved the department into a regional construct.

Major Initiatives

The County initiated and/or completed a number of major initiatives in 2015 designed to enhance residents' quality of life and increase the efficiency and effectiveness of county government. These initiatives, which include an increased social media presence, innovation and technology upgrades, collaboration with local partners have continued to make the County the location of choice to work, play, and live.

Social Media: Citizen engagement increased greatly with the expansion of the County's social networking footprint, which includes eight Facebook accounts, a YouTube channel, seven Twitter accounts, and two Instagram accounts. The County also focused on improving communication with employees and constituents by improving the employee portal, digital signage, and the implementation of GovDelivery – a service that allows notifications to employees and the public of changes made to the County's website.

Innovation and Technology (IT): The County initiated a project to replace its long serving Lotus Notes e-mail system and over 80% of County employees were converted to Microsoft Exchange in 2015. The new email system provides enhanced access by employees from any location, internal or external. IT also completed the release of the MICA Jail Management System, a replacement for a major component of the County's legacy Justice System.

Collaboration: The County continues to make progress toward enhancing and supporting a culture of innovation and continuous improvement. The Parks and Recreation department is nearing the end of the first innovation pilot project with Adaptive Capacity, Inc, for which they were able to use innovation tools to brainstorm ideas around how to increase park usage and desirability to underserved populations. Specific marketing ideas were identified and are currently being implemented. One of the indirect benefits achieved through this process was a collaborative effort between the County and the Hispanic Center of West Michigan to better serve this population.

Kata: The Fiscal Services department completed a three month pilot project involving learning the Kata methodology and working through the process to improve the annual audit process. As a result of this exercise, process improvement will continue and further time savings will be realized for years to come. They are currently underway with their second Kata project, collaborating with IT to create a comprehensive electronic file storage structure. The Department of Public Health will apply the Kata methodology to the challenge of combining Family Planning and STD functions in order to increase the number of patients seen per day, as well as a project to standardize Maternal and Infant Health's documentation process to meet State requirements.

Recreation: The County continues to increase the quality of life for both residents and visitors alike. Locations in the County continue to rank among Michigan's top attractions and the lakeshore beaches continue to receive accolades in *USA Today*, *US News & World Report*, *Coastal Living*, *Travel + Leisure*, and more. Daily permits, as well as annual permits for non-residents, to County parks both increased in 2015, as well as park reservations. Park land acquisition has slowed over the past several years as the Parks and Recreation department edges toward its goal of approximately 7,000 acres. Instead, the department is focusing on improvements and opportunities on existing lands. Some of the major projects completed in 2015 include the Macatawa Greenway Trail, the walkway along Lake Macatawa, the restoration of the historic pumphouse building in partnership with the Historic Ottawa Beach Society, and the new Grand Ravines park in Georgetown Township, which includes the County's first off-leash dog park.

The County continues to look very positively toward the future with the passing of the first of its kind Community Mental Health millage that is planned to improve services and expand specific programs not funded by state and federal funds. The County also continues to seek input from citizens and the local communities to improve customer service and service delivery, with the countywide public opinion survey. Lastly, the consolidation of the County's two fiscal years into one is estimated to save the County time and money by allowing staff to be much more efficient, as well as allowing the County to greatly streamline countless processes.

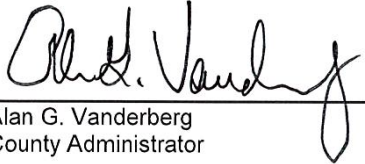

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for the Excellence in Financial Reporting to the County for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2014. In order to be awarded a Certificate of Achievement, the County published a CAFR whose contents conform to program standards. This CAFR satisfied both generally accepted accounting principles (GAAP) and applicable legal requirements. A Certificate of Achievement is valid for a period of only one year and the County has received this prestigious award for thirty-one consecutive years. We believe our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation of this report could not have been accomplished without the efficient and dedicated services of the Fiscal Services Department. We would like to express our appreciation to all members of the department who assisted and contributed, as well as the Board of Commissioners for their continued leadership and support in planning and conducting the financial operations of the County in a responsible and progressive manner.

Sincerely,

Alan G. Vanderberg

INDEPENDENT AUDITORS' REPORT

June 27, 2016

County of Ottawa
Board of County Commissioners
West Olive, Michigan

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Ottawa, Michigan, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Community Mental Health Special Revenue fund, which is a major fund. This represents 6.1 percent, 1.0 percent, and 27.9 percent, respectively, of the assets, fund balance and revenues of the governmental funds. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Mental Health Funds, is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Ottawa County, Michigan, as of December 31, 2015, and the respective changes in financial position, and, where applicable cash flows, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-11 and the information on pages 81-87 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Ottawa, Michigan's basic financial statements. The introductory section, combining and individual fund statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued, under separate cover, our report dated June 27, 2016, on our consideration of the County of Ottawa, Michigan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Ottawa, Michigan's internal control over financial reporting and compliance.

Ordenold Haefner LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS SECTION

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the County of Ottawa, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2015. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-v of the introductory section.

Financial Highlights

- The assets of the County exceeded its liabilities at the close of the most recent fiscal year by \$173,986,403 (net position). Of this amount, \$36,647,643 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position decreased by \$205,961 as a result of current year operations.
- As of the close of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$54,220,937, a decrease of \$1,435,022 in comparison with the prior year. 81.61 percent of the ending fund balances, \$44,249,593, are subject to the underlying limitations applicable to the particular general, special revenue, debt service and capital project funds. 18.39 percent of this total amount, \$9,971,344, is available for spending at the government's discretion only (General Fund unassigned fund balance).
- The General Fund had a net decrease in fund balance of \$4,043,692 for 2015. At the end of the year, total fund balance for the General Fund was \$39,292,365, or approximately 59.29 percent of total General Fund expenditures (including transfers).
- The County's total bonded debt decreased by \$3,595,000 during the current fiscal year. In 2015, Ottawa County (primary government) refunded \$13,075,000 and issued \$11,955,000 worth of general obligation bonds.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components:

1) Government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all the County's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of Ottawa County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include legislative, judicial, general government, public safety, public works, health and welfare, community and economic development, and culture and recreation. The business-type activities include the administration of the delinquent property tax collection system.

The government-wide financial statements include not only the County itself (known as the *primary government*), but also five legally separate entities: Ottawa County Road Commission, Ottawa County Central Dispatch Authority (911), Ottawa County Land Bank Authority, Ottawa County Public Utilities, and the Ottawa County Office of the Water Resources Commission. Financial information for the *component units* is reported separately from the financial information presented for the primary government itself. The Ottawa County Building Authority and the Ottawa County, Michigan Insurance Authority, although also legally separate, function for all practical purposes as departments of the County, and therefore have been included as an integral part of the primary government.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to the government-wide financial statements which facilitates comparison between *governmental funds* and *governmental activities*.

The County maintains 21 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Parks and Recreation, and the Mental Health funds, each of which is considered to be a major fund. Data from the other 18 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The County adopts an annual appropriated budget for its general, special revenue, debt service, capital projects and permanent funds. Budgetary comparison statements or schedules have been provided herein to demonstrate compliance with those budgets.

Proprietary funds. The County maintains two types of proprietary funds. Enterprise funds report the same functions as business-type activities in the government-wide financial statements. The County uses an enterprise fund to account for the Delinquent Tax Revolving Fund (5160).

Internal service funds. The County uses 10 internal service funds to account for and allocate costs internally among the following functions: information technology services, duplicating, telecommunications, equipment pool, employee insurances, and protected self-funded liability, unemployment and worker's compensation insurances. Because these services predominantly benefit governmental functions, they have been included within *governmental activities* in the government-wide financial statements.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required supplementary information. The required supplementary information includes this management's and discussion and analysis, major fund budget to actual schedules and provides multiyear trend information on the funding progress of the County's defined benefit pension plan and other post employment benefits.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *supplementary information*. This is limited to combining statements and schedules and statistical information.

Government-wide Financial Analysis

Statement of Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial health. In the case of the County of Ottawa, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$173,986,403 the close of the most recent fiscal year.

County of Ottawa's Net Position

	Governmental Activities		Business-type Activities		Total	
	2014	2015	2014	2015	2014	2015
Current and other assets	\$ 151,285,558	\$ 125,107,543	\$ 23,153,917	\$ 22,290,390	\$ 174,439,475	\$ 147,397,933

Restricted	20,170,211	22,685,963	1,489,576	1,682,228	21,659,787	24,368,191
Unrestricted	67,896,464	16,048,186	21,646,866	20,599,457	89,543,330	36,647,643
Total net position	\$ 200,241,073	\$ 151,704,718	\$ 23,136,442	\$ 22,281,685	\$ 223,377,515	\$ 173,986,403

A significant portion of the County's net position (21 percent) is unrestricted. *Unrestricted net position* may be used to meet the government's ongoing obligations to citizens and creditors.

Capital assets, representing 65 percent of total net position, includes net book value of land, buildings, vehicles and equipment less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt should be provided from other sources, since the capital assets themselves cannot readily be used to liquidate these liabilities. Capital assets increased slightly in 2015 due to new capital purchases.

In addition to the net investment in capital assets certain other restrictions on the use of net position apply due primarily to legal guidelines. This restricted net position total was \$24,368,191. The 2015 balance is slightly higher due to increases in restrictions for public improvements.

*Expenses include indirect expense allocation

Beginning net position of governmental activities were reduced by \$49,185,151 to recognize a net pension liability at the beginning of the year in accordance with the implementation of GASB Statement No. 68 and No. 71.

The preceding table shows that the primary government's net position decreased by approximately \$206,000 during 2015. Activity affecting net position is as follows:

Revenues:

Revenues increased 1.3% in 2015. There are several revenue sources with variances as follows.

Program charges for services:

Program charges for services increased approximately \$939,000 in total. The increases came from additional judicial and general government revenue.

Program operating grants and contributions:

Program grant revenue increased \$825,000. The majority of the increase was related to health and community mental health department increases and was offset by a decrease in Michigan Works! Funding.

Property taxes

Taxes increased by nearly \$2.4 million or 5.4% which is consistent with the increases in taxable value.

Grants and contributions not restricted to specific programs

These revenues increased by \$605,000 in 2015 due to an increase in State revenue sharing.

Expenses:

Expenses as a whole decreased \$188,000 or 0.001%.

Judicial

Expenses decreased approximately \$786,000, primarily due to decreases in personnel costs.

Public works

Expenses decreased \$604,000, primarily due to a decrease in the County's share of drain assessment costs.

Health and welfare

Expenses decreased \$2.1 million, or 3.3%, primarily due to the change in the entity administering the Michigan Works! Program.

Culture and recreation

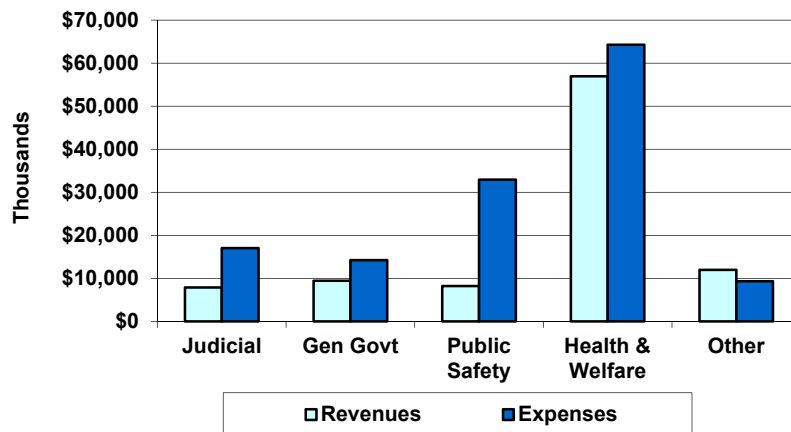

Expenses increased \$1.5 million, or 29.6%, primarily due to significant increases in internal service fund allocations.

Interest on long-term debt

Interest on long-term debt increased \$415,000 or 26.3%, primarily due to better interest rates.

The graph below summarizes revenues and expenses by category.

Program Revenues and Expenses – Governmental Activities

Revenues by Source – Governmental Activities

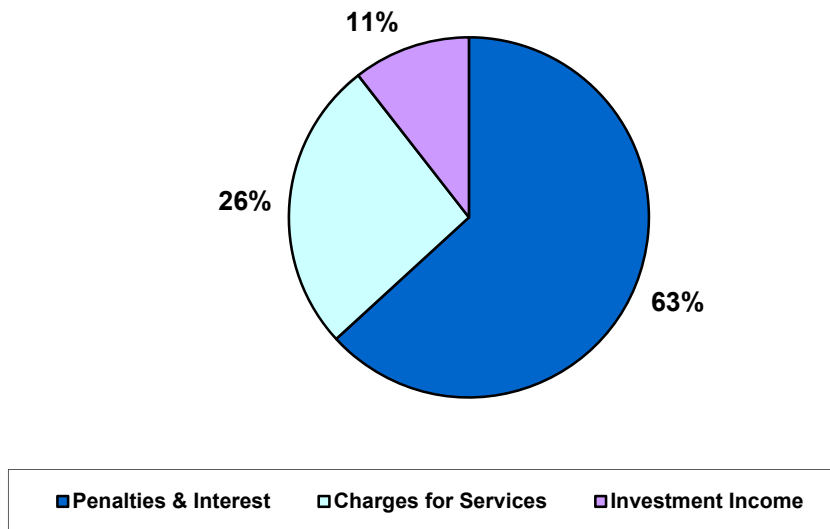

Business-type Activities

Business-type activities decreased the County’s net position by \$855,000 which was expected. The revenues for the business-type activities are penalties and interest on delinquent taxes, proceeds from tax sales, and investment income. Since the amount of delinquencies is decreasing, the penalties and interest earned is also decreasing. The majority of the expenses represent rent payments to the Ottawa County Building Authority (blended component unit). These payments cover principal and interest payments on several bond issues.

Program Revenues and Expenses – Business-type Activities

Revenues by Source – Business-type Activities

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$54,220,937, a decrease of \$1.4 million in comparison with the prior year.

Approximately 56.7% percent of this total amount (\$30.7 million) constitutes *spendable, non-restricted fund balance*. The remainder of fund balance is considered *nonspendable* or *restricted* to indicate that it is not available for new spending because it is 1) not in a spendable form such as inventory or prepaid expenses (\$487,977), 2) unavailable as it provides a long-term advance to component units and other funds (\$325,000) or 3) unavailable due to legal restrictions (\$22,685,963). Of the \$30.7 million, \$15 million has been committed by the Board of Commissioners for specific projects/spending, and \$5.7 million has been assigned by the County Administrator for specific projects/spending. The remaining \$9.9 million in unassigned fund balance which is available for spending at the County's discretion.

The General Fund (1010) is the chief operating fund of the County. At the end of the current fiscal year, the unassigned fund balance of the General Fund was \$9,971,344, while total fund balance was \$39,292,365. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures and transfers. Unassigned fund balance represents 15.0 percent of total General Fund expenditures and transfers out.

The fund balance of the County's General Fund decreased by \$4.0 million during 2015. This was mostly due to an increase in transfers to other funds and personnel cost increases.

The Parks and Recreation fund (2081) has a total fund balance of \$3.6 million, which is a decrease of \$854,000. The Parks and Recreation department is undergoing a period of growth and development with the help of a .33 property tax millage approved for park acquisition and development. Accordingly, the fund balance of the fund will vary from year to year with land acquisitions and capital improvement projects.

The fund balance of the Community Mental Health fund (2220) showed an increase of \$329,000, primarily due to significant cuts in expenditures due to concern about future funding.

General Fund Budgetary Highlights

The original revenue and expenditure budgets (including transfers in/out) for the General Fund (1010) were \$64,351,291 and \$64,257,658 respectively. The amended revenue budget was \$65,377,353, and the amended expenditure budget was \$69,709,133.

The revenue budget decreased overall by \$93,000. The decrease in revenue was spread throughout the County in various departments with no area having a material decrease. Operating transfers in decreased by approximately \$1.1 million when it became clear that the transfer of \$500,000 from the Insurance Authority and the \$625,000 operating transfer from the Delinquent Tax Revolving fund would not be needed.

The budget for General Fund expenditures increased \$85,000 in total, and expenditures and transfers out as a whole were \$3.8 million under budget. The budget for Planning and Performance was increased \$301,000 due to an increase in staff costs and expenses related to the Ag-Tech Business Incubator. The budget for the Jail was decreased by \$132,000 due to a decrease in the cost of building rental.

Parks and Recreation made budget adjustments during the year based on the carryover of projects that were started in 2014, but were not completed as of December 31, 2014. This carryover resulted in an increase in the revenue budget of \$944,000 and an increase in the expense budget of \$2.9 million.

Community Mental Health saw decreases in both their revenue and expenditures from their adopted budget due to budget cuts from various programs.

Capital Asset and Debt Administration

Capital assets

The County’s (primary government) investment in capital assets as of December 31, 2015, amounted to \$131,749,896 (net of accumulated depreciation). This investment in capital assets includes land and land improvements, buildings and improvements, machinery and equipment, and park facilities. The County’s total investment in capital assets for the current fiscal year remained essentially steady as additions approximated depreciation.

Major capital asset events during the current fiscal year included the following:

- The County continued energy improvements in most County facilities, spending an additional \$451,000 in 2015. Significant renovations were done to the Grand River Ravines Lodge and Jail, totaling \$212,000 and \$286,000, respectively. Additionally, \$760,000 was spent on a sally port at the Hudsonville Courthouse.
- Approximately \$2.2 million was spent on various park improvement projects, including \$263,000 for the Pumphouse Museum project, \$1.1 million for the Grand River Ravines access improvements, and \$658,000 for the Macatawa Greenway Trail.
- The County spent approximately \$647,000 on vehicle replacements, mostly in Public Safety.

County of Ottawa’s Governmental Activities Capital Assets (net of depreciation)

Additional information on the County’s capital assets can be found in Note 5 of this report.

	2015	2014
Land	\$ 48,921,584	\$ 48,921,584
Construction in progress		
Land improvements	13,923,303	12,709,398
Buildings and improvements	62,586,710	64,147,543
Equipment	6,318,299	7,043,290
Total	\$ 131,749,896	\$ 132,821,815

Long-term Debt

At the end of the current fiscal year, the County had total general obligation bonds outstanding of \$46,685,000 which are backed by the County's full faith and credit.

County of Ottawa's Outstanding Debt General Obligation Bonds

	2015	2014
General obligation bonds	\$ 34,730,000	\$ 46,955,000
General obligation bonds - Refunding	11,955,000	3,325,000
Total	<u>\$ 46,685,000</u>	<u>\$ 50,280,000</u>

The County's total general obligation bonded debt decreased by \$3.6 million. Debt from prior issues was reduced by \$2.5 million as planned. The County refunded \$13.1 million and issued \$11.95 million in general obligation refunding bonds.

The County has a "AAA" rating from Fitch on general obligation limited tax bonds. Moody's bond rating is "Aaa" for general obligation unlimited and limited tax bonds. Standard and Poor's bond rating is "AA" for general obligation unlimited and limited tax bonds.

State statutes limit the amount of general obligation debt a governmental entity may issue to 10 percent of its total assessed valuation. The current (2015) debt limitation for the County is \$1,015,417,548, which is significantly in excess of the County's outstanding general obligation debt.

Additional information on the County's long-term debt can be found in Note 8 of this report.

Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the County's budget for the 2016 fiscal year:

- The County's tax base has noticed improvement in the tax base. The changes in taxable value over the last few years is as follows:

2011	2012	2013	2014	2015
-2.15%	-0.96%	-1.44%	3.19%	4.00%

- On the positive side, the County's operating levy is 3.6 mills, the fifth lowest amount the 83 counties in the state. In fact, the County does not levy its maximum authorized levy to alleviate taxpayer burden. The County still has a cushion of .665 mills which provides an additional \$6.9 million the County may access with a vote of the Board of Commissioners.
- The unemployment rate for the County was 3.5% for 2015 which is significantly lower than Michigan as a whole (7.3%). The rate for February 2016 was 3.1%. Industry initiatives discussed in the transmittal letter have improved the employment outlook for the County.
- The County had the fastest growing population in the state at 6.1 percent from 2010 to 2015.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to: Fiscal Services Director, 12220 Fillmore Street, Room 331, West Olive, Michigan, 49460.

COUNTY OF OTTAWA

RECONCILIATION OF FUND BALANCE ON THE BALANCE SHEET FOR GOVERNMENTAL FUNDS TO NET POSITION OF GOVERNMENTAL ACTIVITIES ON THE STATEMENT OF NET POSITION

DECEMBER 31, 2015

Total Fund Balances - Governmental Funds	\$ 54,220,937
---	----------------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds.

Capital assets not being depreciated - land	48,921,584
Capital assets being depreciated, net of accumulated depreciation	78,271,262

Certain assets are not current financial resources and are not reported in the funds.

Net other post employment benefits asset	447,717
--	---------

Internal service funds are used by management to charge the costs of centralized services, to individual funds. The assets and liabilities of the internal service funds are included in the governmental activities.

Total net position of internal service funds	40,958,910
--	------------

Certain deferred inflows reported in the funds are not available but are recognized in the governmental activities.

Unavailable deferred inflows	2,600,371
------------------------------	-----------

Certain liabilities are not due and payable in the current period and therefore are not reported in the funds.

Bonds and notes payable	(46,685,000)
Landfill reclamation liability	(3,661,934)
Compensated absences payable	(2,713,595)
Accrued interest payable	(258,261)
Unamortized bond premium	(1,572,038)
Unamortized deferred bond refunding loss	442,710
Net pension liability	(29,345,085)
Deferred outflows for pension plan	10,077,140

Net Position of Governmental Activities	<u>\$ 151,704,718</u>
--	------------------------------

COUNTY OF OTTAWA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED DECEMBER 31, 2015

Net Change in Fund Balances - Governmental Funds \$ (1,435,022)

Amounts reported for governmental activities in the statement of net position are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	4,117,527
Depreciation expense	(4,879,804)
Net book value of disposed assets	(61,636)

Certain receivables are long-term in nature and are collectable over several years. However only the current year's receipts are reflected as revenues in the fund statements.

Change in unavailable revenues	545,772
--------------------------------	---------

Bond or note proceeds provide current financial resources to governmental funds in the period issued, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond or note principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Principal payments on debt	2,475,000
Bonds refunded	13,075,000
Bond issue	(11,955,000)
Bond premium	(1,744,362)
Deferred bond refunding costs	482,781

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.

Change in landfill reclamation liability	(101,534)
Change in compensated absences payable	107,704
Change in accrued interest payable	(77,999)
Amortization of bond premium	433,660
Amortization of deferred bond refunding costs	(179,512)
Change in net pension liability	24,420,658
Change in deferred outflow for pension plan	(25,272,289)
Change in other post employment benefits asset	(5,416)

Internal service funds are used by management to charge the costs of certain services to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities.

Change in net position of internal service funds	<u>703,268</u>
--	----------------

Change in Net Position of Governmental Activities **\$ 648,796**

NOTES TO THE FINANCIAL STATEMENTS SECTION

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Ottawa, Michigan (the "County") was incorporated in 1837 and covers an area of approximately 565 square miles with the County seat located in the City of Grand Haven. The County operates under an elected Board of Commissioners (11 members) and provides services to its estimated 276,292 residents in many areas including law enforcement, administration of justice, community enrichment and development and human services.

The financial statements of the County have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

Reporting Entity

The accompanying financial statements present the County (the primary government) and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations, so data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County.

Blended Component Units

The Building Authority is governed by a three-member board appointed by the Ottawa County Board of Commissioners. Its sole purpose is to finance and construct the County's public buildings. It is reported in the appropriate fund categories of debt service and capital projects and has a December 31 year-end. A separate report is not prepared for the Building Authority.

The Ottawa County, Michigan Insurance Authority is a separate legal entity organized for the purpose of providing insurance coverage and risk management and related services to public entities in the County of Ottawa, Michigan pursuant to State of Michigan Act No. 36 of the Public Acts of 1988. The governing board consists of one appointed and four elected officials of the County and one appointed official from each other participating public entity. The County and the Building Authority are currently the only participating entities. The Insurance Authority is reported in an internal service fund and has a December 31 year-end.

Complete financial statements for the Insurance Authority can be obtained from:

Fiscal Services Director
Ottawa County
12220 Fillmore Street, Room 331
West Olive, MI 49460

Discretely Presented Component Units

The Ottawa County Road Commission was established pursuant to the County Road Law (MCL 224.1). The governing board is appointed by the Ottawa County Board of Commissioners. The Road Commission deposits receipts with and has investments through the County. It may not issue debt or levy a tax without the approval of the County Board of Commissioners. Road Commission property taxes are levied under the taxing authority of the County, as approved by the County electors, and are included as part of the County's total tax levy. The Road Commission has a September 30 year-end.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Reporting Entity (continued)

Discretely Presented Component Units (continued)

The Ottawa County Public Utilities System is governed by a board appointed by the Ottawa County Board of Commissioners. The Public Utilities System deposits receipts with and invests through the County. It is fiscally dependent upon the County because the County Board must approve debt issuances of Public Act 342 bonds. The Ottawa County Public Utilities System has a December 31 year-end.

Complete financial statements for the Road Commission and the Public Utilities System can be obtained from:

Finance Director
Ottawa County Road Commission
P.O. Box 7392
Grand Haven, MI 49417

The Ottawa County Central Dispatch Authority is governed by an eight-member board with two members appointed by the County's Board of Commissioners. It is financially accountable to the County as a result of fiscal dependency. It cannot levy taxes or issue bonded debt without approval of the County. The services provided cover all County residents and the County levies a property tax of .44 mills to finance the operations of the Dispatch Authority. The Dispatch Authority has a December 31 year-end.

Complete financial statements for the Dispatch Authority can be obtained from:

Director
Ottawa County Central Dispatch Authority
12101 Stanton Street
West Olive, MI 49460

Ottawa County Office of the Water Resources Commissioner drainage districts established pursuant to the Drain Code of 1956 are separate legal entities, with the power to contract, to sue and be sued, to hold, manage and dispose of real and personal property, etc. The Office of the Water Resources Commissioner is considered to be a component unit of the County because the County has the ability to significantly influence operations and has accountability for fiscal matters, by formally approving the Water Resources Commissioner's budget and performing all financial management functions. The statutory drainage board of Chapter 20 drainage districts consists of the Water Resources Commissioner, the Chair of the County Board of Commissioners and one other member of the Board of Commissioners. The statutory drainage board of Chapter 6 and 21 drainage districts consists of the State Director of Agriculture and the Water Resources Commissioner of each county involved in the project. The Water Resources Commissioner has sole responsibility to administer the drainage districts established pursuant to Chapter 4 and 8 of the Drain Code. The drainage board or Water Resources Commissioner, on behalf of the drainage district, may issue debt and levy special assessments authorized by the Drain Code without the prior approval of the County Board of Commissioners. The full faith and credit of the County may be pledged for the debt of the drainage district.

Complete financial statements for the Office of the Water Resources Commissioner can be obtained from:

Fiscal Services Director
Ottawa County
12220 Fillmore Street, Room 331
West Olive, MI 49460

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Reporting Entity (continued)

Discretely Presented Component Units (continued)

The Ottawa County Land Bank Authority was established pursuant to the Michigan Land Bank Fast Track Act, 2003 P.A. 258, 124.751 and the intergovernmental agreement by and between the Michigan Land Bank Fast Track Authority and the Treasurer of the County of Ottawa. The governing board consists of the Treasurer of the County of Ottawa and eight additional members appointed by the Ottawa County Board of Commissioners. The Authority has the power to contract, to sue and be sued, to hold, manage and dispose of property, etc. Although funding for the Authority is designed to come from the eventual sale of properties, the County Board has enabled the Authority to borrow up to \$50,000 from the County's Delinquent Tax Revolving fund as needed, interest free. The Land Bank Authority has a December 31 year-end. A separate report is not prepared for the Ottawa County Land Bank Authority.

The Economic Development Corporation of the County of Ottawa (EDC) was established pursuant to the Economic Development Corporations Act (Act 338, Public Acts of 1974, as amended) and is a separate legal entity. The EDC's governing board is appointed by the Ottawa County Board of Commissioners. The County was required to hold a public hearing and approve the bonds issued in 2011 in compliance with the Internal Revenue Code. Neither the EDC nor the County is obligated in any way for the payment of these bonds. The EDC has a June 30 year-end. A separate report is not prepared for the Economic Development Corporation of the County of Ottawa.

Funds with Other Year Ends

The financial statements of the Friend of the Court, Health, Community Mental Health, Substance Use Disorder, Department of Health and Human Services, and Child Care, (included with Governmental Funds and reflecting total assets and revenues of 12.86% and 39.18%, respectively, of the Governmental Fund totals) and the Protected Self-Funded Insurance-Mental Health Fund (included with Internal Service Funds and reflecting total assets and revenues of 0.00% and 0.00%, respectively, of the related fund type totals) have been included in the accompanying 2015 financial statements using their fiscal year ended September 30, 2015.

The remaining funds have been included in the accompanying financial statements using their fiscal year ended December 31, 2015.

Interfund balances, due to/from account balances, indirect expense allocations, and transfers, do not agree across all funds due to the different year ends reported in these financial statements.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, exceptions to this general rule are charges between enterprise functions and other various functions of the government and interfund balances remaining due to the different year ends reported in the funds. Elimination of these charges would distort costs and program revenues for the various functions concerned. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government-wide and Fund Financial Statements (continued)

Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable. The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Indirect expenses* are charged based upon a County-wide cost allocation plan which allocates costs based upon the number of full time equivalents, number of transactions, and other pertinent information. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund statements. The fiduciary fund financial statements are reported using the *accrual basis of accounting* and the *economic resources measurement focus* (agency funds do not utilize a measurement focus). Revenues are recorded when earned and expenses are recorded when liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. After March 1 of the following year, the Delinquent Tax Revolving Fund pays the County for any real outstanding taxes as of that date. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Measurement focus, basis of accounting, and financial statement presentation

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, landfill closure costs and compensated absences are recorded only when payment is due.

Intergovernmental revenue, charges for services, grants and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The County considers these to be available if received within 180 days of year end. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the County.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement focus, basis of accounting, and financial statement presentation (continued)

The County reports the following major governmental funds:

General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. With the implementation of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, certain funds which had been special revenue funds have been combined with the general fund. These funds include:

Solid Waste Clean-Up Fund (2271) – This fund was established to account for monies received from settlement of a claim. The monies are mainly used for the clean-up of the Southwest Ottawa Landfill.

Infrastructure Fund (2444) – This fund was established by the County Board to provide financial assistance to local units of government for water, sewer, road and bridge projects that are especially unique, non-routine, and out-of-the ordinary.

Public Improvement Fund (2450) – This fund is used for earmarked revenues set aside for public improvements. Funding is provided from general fund appropriations and building rentals.

Stabilization Fund (2570) – This fund was established to assure the continued solid financial condition of the County in case of emergency.

DB/DC Conversion Fund (2970) – This fund was established by the County Board to set aside funds needed for startup costs associated with moving new hires to a defined contribution retirement system.

Compensated Absences Fund (2980) – This fund is used to account for future payments of accumulated sick pay of County employees under the sick days/short and long-term disability plan. This fund is also used to accrue vacation pay.

Parks and Recreation Fund (2081) – This fund was established for the development, maintenance, and operation of Ottawa County parks. Funding is provided by state grants and user charges. A millage of .33 mills to support this fund was re-approved by the County electorate during 2006 for ten years and expires in 2016.

Community Mental Health Fund (2220) – This fund is used to account for monies to provide mental health services within the County. Monies are provided by federal, state and county appropriations, contributions and charges for services.

The County reports the following major proprietary fund:

Delinquent Tax Revolving Fund (5160) – This Enterprise Fund is used to pay each local governmental unit, including the County general fund, the respective amount of delinquent taxes not collected as of March 1 of each year. Financing is provided by subsequent collection of delinquent property taxes by the County Treasurer.

Additionally, the County reports the following fund types:

Special Revenue Funds are used to account for revenue from specific revenue sources (other than fiduciary or major capital projects) and related expenditures which are restricted for specific purposes by administrative action or law.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement focus, basis of accounting, and financial statement presentation (continued)

The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The *Capital Projects Fund* accounts for construction projects.

The *Permanent Fund* is used to record the activity of the Cemetery Trust which provides funds for perpetual care of cemetery lots.

Internal Service Funds account for data processing, equipment purchases, and insurance coverage provided to County departments on a cost reimbursement basis.

The *OPEB Trust Fund* is used to account for the activity of the County's other post employment benefit program.

Agency Funds are used to account for assets held on behalf of outside parties, including other governments. The majority of the balances in the agency funds represent payments collected on behalf of the State of Michigan and other governmental agencies.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the delinquent tax revolving enterprise fund are interest and penalties on delinquent taxes. The principal operating revenues of the County's internal service funds are charges to County departments for equipment amortization and insurance coverage. Operating expenses for the enterprise fund include costs associated with the collection of delinquent taxes and rent payments for certain County facilities designed to pay the debt obligations of the related bond issue. Operating expenses for the internal service funds include the cost of services (including premiums and claims), administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Assets, liabilities, and net position or equity

Cash and pooled investments

For purposes of the statement of cash flows, the County considers all assets held in the cash and investment pool to be cash equivalents because the investments are not identifiable to specific funds and the assets can be withdrawn at any time, similar to a demand deposit account. The investments of the County investment pool consist primarily of U.S. treasuries, U.S. government agency securities, commercial paper, certificates of deposit, local government investment pools, and mutual funds.

Investments of the Insurance Authority and Other Post Employment Benefit Plan trust also consist of corporate debt and equity securities. All investments are recorded at fair value.

Receivables, payables, and due from other governments

During the course of operations, numerous transactions occur between individual funds and/or between the primary government and component units for goods provided or services rendered. These receivables and payables are classified as "due from other funds/component units" or "due to other funds/component units" on the balance sheet. Short-term interfund loans are classified as "interfund receivables/payables".

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, liabilities, and net position or equity (continued)

Receivables, payables, and due from other governments (continued)

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Property taxes for general County operations are levied as of July 1 (lien date) on property values assessed as of the same date. Property taxes for Parks and Recreation, the Ottawa County Central Dispatch Authority, and the Ottawa County Road Commission are levied December 1 (lien date) on property values assessed as of the same date. The taxes levied July 1 are due on September 14 and taxes levied December 1 are due on February 14 of the following year. After the due dates, the applicable property is subject to penalties and interest.

Other accounts receivable is shown net of the allowance for estimated uncollectible. For the mental health receivables, an allowance of \$28,873 has been established. For the jail and inmate housing receivable and various other receivables an allowance of \$882,818 has been established.

Advances to other funds

Noncurrent portions of long-term interfund loans receivable in governmental funds are reported as advances and are offset by a fund balance reserve account which indicates that they do not constitute expendable available financial resources and therefore are not available for appropriation.

Inventories and prepaids

Inventories are valued at cost on the first-in / first-out (FIFO) method. Inventories are recorded as expenditures when consumed rather than when purchased. Payments made to vendors for services that will benefit periods beyond a fund's fiscal year-end are recorded as prepaid in both government-wide and fund financial statements. Prepaid items are recorded as expenditures when consumed rather than when purchased.

Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activities column in the government-wide financial statements. For the County, infrastructure exists in the Road Commission and the Office of the Water Resources Commissioner component units. The capitalization threshold ranges from \$1,000 - \$25,000. Capital assets are defined by the primary government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exists. Donated capital assets are valued at their estimated fair market value on the date received. The amount reported for infrastructure includes assets acquired or constructed since 1980. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, liabilities, and net position or equity (continued)

Capital assets (continued)

No interest expense has been incurred or capitalized on capital assets reported in proprietary funds. Depreciation of the capital assets (including infrastructure) of the primary government, as well as the component units, is computed using the straight-line method over the estimated useful lives.

	Years
Land improvements	25
Buildings	25 - 50
Office furniture and equipment	3 - 20
Vehicles	3 - 10
Infrastructure	30

Self-insurance claims incurred but not reported

At December 31, 2015 the County has several Internal Service funds which account for various uninsured risks. The County is self-insured up to certain limits, which vary by type of risk, and purchases reinsurance to cover claims in excess of those limits. The County records estimates of self-insurance claims incurred but not reported as of December 31, and the Road Commission at September 30, based on historical trend information, claims reported subsequent to year end, actuarial valuations and/or professional judgment. Such estimates are included in accounts payable.

Compensated absences

Substantially all County employees are granted vacation and sick leave in varying amounts based on length of service. Vacation pay is fully vested when earned and accrued in the government-wide financial statements. Employees are granted varying amounts of sick days annually and may accumulate up to a maximum of 12 to 15 days. Unused sick leave accumulated under the current plan is forfeited upon termination or retirement. Therefore, no liability for unpaid accumulated sick leave is recorded. All employees except judges and elected officials are covered under short and long-term disability benefits if an illness lasts longer than 10 working days or six months, respectively.

Employees who accumulated sick days under the County's prior sick leave policy before moving into the current plan have been allowed to bank up to 120 hours of their sick days accumulated under the prior plan in a holding account at the pay rate in effect when they entered the current plan. Employees' accounts earn interest annually at the average rate earned by the County Treasurer. Employees with at least ten years of continuous service are paid for banked sick days in full upon death or retirement and at the rate of 50% of accumulated benefits upon termination for reasons other than death or retirement.

A liability for this amount is accrued and reported in the government-wide financial statements. The County estimates that the maximum liability for unpaid and unused sick leave would be approximately \$118,224 at December 31, 2015 if all employees who accumulated sick leave under the prior plan retired. Only the portion of this liability that has matured is recognized as a current liability. An actuarial estimate of the long-term amount payable to employees upon retirement at December 31, 2015 is \$117,993 and is funded in the General Fund with corresponding committed and assigned fund balance. On the government-wide statements, however, the liability for compensated absences is included in the non-current portion of long-term obligations.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, liabilities, and net position or equity (continued)

Compensated absences (continued)

The County has fully funded its vacation pay liability. The vacation pay expenditure/expense was recorded in each fund, and this amount was transferred and recorded in the General Fund with corresponding committed and assigned fund balance. An adjustment was made at December 31, 2015 to reflect the change in the accumulated balance to \$2,595,602.

Under the Road Commission's personnel policy and contracts negotiated with employee groups, individual employees have a vested right to receive payments for unused vacation and sick leave under formulas and conditions specified in the policy and contracts. Accumulated leave of the General Fund is recorded on the statement of net position and not on the General Fund balance sheet because it is not expected to be liquidated with expendable available financial resources.

The Central Dispatch Authority's personnel policy and employment agreements provide employees a vested right to receive payments for unused vacation leave under formulas and conditions specified in the policy and agreements. Accumulated leave of the General Fund is recorded on the statement of net position and not on the General Fund balance sheet because it is not expected to be liquidated with expendable available financial resources.

Deferred compensation plan

The County, the Road Commission and the Central Dispatch Authority offer to their employees several different deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plans are available to County and Dispatch Authority employees with various options and employer contribution requirements depending on which bargaining unit the employee is a member. All plans permit employees to defer a portion of their salary until future years. Participation in the plans is optional. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. The Central Dispatch Authority employee contributions were \$59,108 and Authority match was \$13,779 for the current year. The County employee contributions for 2015 were \$1,966,688 and the County match was \$294,412.

All amounts of compensation deferred under the plans, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are held in trust for the exclusive benefit of participants and their beneficiaries. Investments are managed by the plans' trustees, under one of several investment options, or combination thereof. The choice of the investment option(s) is made by the participants or the investment manager at the option of the employee. As the assets of the trust are managed by the plans trustees, and the County does not have fiduciary responsibility. The plan assets are not recorded in the financial statements of the County.

Employee Retirement Plans

The County, the Road Commission and the Dispatch Authority have contributory pension plans covering various employee groups. The plans are funded through annual contributions to the Michigan Municipal Employees' Retirement System in amounts sufficient to fund the normal cost of the plans and to amortize prior service cost.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, liabilities, and net position or equity (continued)

Employee Retirement Plans (continued)

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Municipal Employees Retirement System (MERS) of Michigan and additions to/deductions from MERS' fiduciary net position have been determined on the same basis as they are reported by MERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Long-term obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, the long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. For new bond issuances after the implementation of GASB Statement No. 34, bond premiums and discounts, are deferred and amortized over the life of the bonds using the straight-line method which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Restricted Net Position

Under Act 30, Public Acts of 1978, the use of the fund balance of the Stabilization Fund (consolidated with the General Fund) in the amount of \$9,255,217 is restricted to 1) cover a deficit, 2) prevent a reduction in the level of public services or number of employees in the current or next fiscal year, or 3) cover expenses arising from a natural disaster.

A portion of the fund balance of the general fund is restricted for the purposed of grants, donations, and other items. At December 31, 2015 this amounted to \$2,294,259.

The fund balance of the Parks and Recreation Fund (Special Revenue Fund 2081) is comprised mainly of unused revenue from a specially designated tax levy, therefore the entire \$3,616,726 is restricted.

The fund balance of the Other Governmental Grants (Special Revenue Fund 2180) in the amount of \$45,425 is restricted to the purposes of the grants.

The fund balance of the Community Mental Health Fund (Special revenue fund 2220) in the amount of \$443,908 is restricted.

The fund balance of the Homestead Property Tax Fund (Special Revenue Fund 2550) in the amount of \$13,705 is restricted for administration of the program under Act 105, Public Acts of 2003.

The fund balance of the Register of Deeds Technology Fund (Special Revenue Fund 2560) in the amount of \$662,445 is restricted for technology upgrades under Act 698, Public Acts of 2002.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, liabilities, and net position or equity (continued)

Restricted Net Position (continued)

The fund balance of the Sheriff Grants & Contracts Fund (Special Revenue Fund 2630) in the amount of \$5,900 is restricted for the purposes of the grants.

The fund balance of the Concealed Pistol Licensing (Special Revenue Fund 2631) in the amount of \$28,862 is restricted for administration of the program under Act 3, Public Acts of 2015.

The fund balance of the Michigan Works Fund (Special Revenue Fund 2745) in the amount of \$177,799 is restricted for the purposes of the grants.

The fund balance of the Community Action Agency Fund (Special Revenue Fund 2746) in the amount of \$186,142 is restricted for the purposes of the grants.

The fund balance of the Qualified Energy Conservation Bonds Fund (Capital Projects Fund 4010) in the amount of \$27,129 is restricted for the purposes of capital projects.

The fund balance of the Capital Improvement Fund (Capital improvement Fund 4020) in the amount of \$6,444,815 is restricted for the purposes of capital projects.

The fund balance of the Cemetery Trust Fund (Permanent Fund 1500) in the amount of \$5,770 is non-spendable and \$120 is restricted for the perpetual care of certain cemetery lots.

It is the County's policy to spend restricted resources first if it meets the criteria of the restricted net position and use unrestricted resources when the restricted funds are depleted.

The discretely presented component units also have certain restrictions on net position. The Ottawa County Central Dispatch has restricted \$55,031 for training. Lastly, Ottawa County Public Utilities has restricted \$542,437 for operations and maintenance of utility systems. The Water Resources Commissioner has restricted \$2,848,711 for debt service, \$1,649,586 for capital projects and \$55,326 for general drain maintenance.

Fund equity

The County implemented the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, in the 2011 financial statements. GASB 54 establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

In the fund financial statements, governmental funds report fund balance in five categories:

1. Nonspendable fund balance cannot be spent because it is either a) not in spendable form or b) legally or contractually required to be maintained intact.
2. Restricted fund balance can only be spent for specific purposes due to a) externally imposed by grantors, creditors, and contributors, of laws or regulations of other governments or b) imposed by law through constitutional provisions or enabling legislation.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Assets, liabilities, and net position or equity (continued)

Fund equity (continued)

3. Committed fund balance can only be spent for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. The Board is the highest level of decision-making authority for the government that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.
4. Assigned fund balance is constrained by the government's intent to be used for specific purposes but has not been formally committed by Board action or restricted in any way. Through the County's fund balance policy, the Board has delegated the authority to assign fund balance to the County Administrator.
5. Unassigned fund balance is the residual classification for the General Fund. Except for funds with negative fund balance, only the General Fund has assigned fund balance.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it is the County's policy to consider restricted amounts to have been reduced first. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it is the County's policy that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts.

In addition, it is the County's policy to maintain a fund balance in the General Fund of not less than 10% and not more than 15% of the most recently audited General Fund expenditures and transfers out for cash flow and flexibility purposes. Such assignments cannot exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund.

Details on the County's fund balance amounts follow:

	General	Parks and Recreation	Community Mental Health	Nonmajor Governmental Funds	Total
Nonspendable:					
Inventory and prepaid expenditures	\$ 119,102	\$ 17,463	\$ 103,046	\$ 248,366	
Long-term advances to other funds	175,000

Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary information

The General, Special Revenue, Debt Service, Capital Projects, and Permanent Funds are under formal budgetary control.

Formal budgetary integration is employed as a management control device during the year for governmental funds. Formal budgetary integration is not employed for other funds; however, informational summaries are prepared and presented to the Board for consideration for proprietary fund types. The County adopts its budget in accordance with Public Act 621, the Uniform Budgeting and Accounting Act, which mandates an annual budget process and an annual appropriation act to implement the budget. Budgets, as presented for these funds in the accompanying financial statements, were prepared on the modified accrual basis of accounting.

The Fiscal Services Director presents the budget requests for the succeeding fiscal year to the County Administrator in July. The Administrator, Fiscal Services Director and Assistant Fiscal Services Director meet with all department heads and elected officials during July to review and discuss the requested revenue and expenditures levels. A proposed budget with balancing options for all funds is presented to the Finance Committee in August. A public hearing and formal budget presentation is held at the first Board Meeting in September to provide any county resident with the opportunity to discuss the budget with the Board prior to approval. The budget, and an appropriation ordinance implementing it, is approved by the Finance Committee and forwarded to the Board for approval at the second Board Meeting in September.

Budgets for the current year are continually reviewed for any required revisions of original estimates. Proposed increases or reductions in appropriations are presented to the Finance Committee and the Board for their action. The Board amends the general appropriation act as soon as it becomes apparent this action is necessary. The budgetary information as presented herein has been amended by official actions of the Finance Committee and/or County Board of Commissioners.

Transfers of any unexpended budget balance, or any portion thereof, to any other appropriation account may not be made without approval by the Finance Committee with certain exceptions. The Board has delegated authority to the Administrator and Fiscal Services Director to approve budget transfers within a fund if the amount to be transferred does not exceed \$50,000.

Budgetary control over expenditures is maintained on a departmental basis with a handful of exceptions, which is the legal level of control. A separate budgetary report is prepared which demonstrates compliance at the legal level of control and is available to the public in the County Clerk's office. Expenditures may not legally exceed budgeted amounts and certain Special Revenue Funds expenditures must be in accordance with the respective agreements with Federal and State grantor agencies. All budget appropriations lapse at the end of each fiscal year unless specific Board action is taken.

Excess of expenditures over appropriations

During the year ended the County incurred no expenditures in budgetary funds which were in excess of the amounts appropriated.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

3. DEPOSITS AND INVESTMENTS

Primary Government

Deposit and investment balances at year-end are as follows:

	Primary Government	Component Units	Total
Cash on hand	\$16,521	\$260	\$16,781
Checking and savings accounts	12,463,397	15,786,924	28,250,321

Investments:			
Ottawa County	38,882,021	8,714,830	47,596,851
Ottawa County Other Post Employment Benefit Plan	4,798,719	-	4,798,719
Ottawa County Insurance Authority	34,967,485	-	34,967,485
Total	\$125,505,804	\$24,502,014	\$150,007,818
Statement of net position			
Cash and pooled investments	\$83,274,542	\$21,390,014	\$104,664,556
Investments	34,967,485	3,112,000	38,079,485
Statement of fiduciary net position			
Cash and pooled investments	2,465,058		2,465,058
Investments	4,798,719		4,798,719
Total	\$125,505,804	\$24,502,014	\$150,007,818

The County's investments, as well as the investments of Ottawa County Public Utilities which are handled by the County, are stated at fair value which is determined as follows:

- (a) securities are priced by FTI, an on-line pricing service, as of the end of each business day, and
- (b) investments that do not have established market values are reported at estimated fair value.

Michigan statutes authorize the County to invest in bonds, other direct obligations and repurchase agreements of the United States, certificates of deposit, savings accounts, deposit accounts or receipts of a bank which is a member of the FDIC, commercial paper, bankers' acceptances of United States banks, obligations of the State of Michigan and its political subdivisions, external investment pools, and certain mutual funds. The County's investment policy, last amended in January of 2014, allows for all of these types of investments.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

3. DEPOSITS AND INVESTMENTS (continued)

Primary Government (continued)

The County chooses to disclose its investments by Weighted Average Maturity. As of December 31, 2015, the County had the following investments:

Investment Type	Fair Value	Weighted Average Maturity (years)
Money Market Fund (MMF)	\$1,293,715	N/A
Municipal Bonds	8,854,575	2.0245
Agency - FFCB	4,957,635	4.4210
Agency - FNMA	1,428,885	3.2640
Agency - FHLB	1,886,609	4.6088
Agency - FHLMC	4,366,693	5.0122
Treasury Note	<u>16,093,909</u>	4.1635
	<u>\$38,882,021</u>	
Portfolio Weighted Average Maturity (excluding MMF)		3.9157

The majority of the County departments participate in the internal investment pool. However, the following programs/organizations also maintain separate cash and/or investments:

- Ottawa County Building Authority
- Ottawa County Central Dispatch Authority
- Ottawa County Community Mental Health – Lakeshore Clubhouse
- Ottawa County Insurance Authority
- Ottawa County Other Post Employment Benefit Plan
- Ottawa County Public Utilities System
- Ottawa County Road Commission
- Ottawa County Water Resources Commissioner Munn Drain Debt Service/Capital Projects
- Ottawa County Water Resources Commissioner Nunica Drain Debt Service
- Ottawa County Water Resources Commissioner Park West Drain Debt Service
- Ottawa County Water Resources Commissioner Spring Lake Drain Debt Service

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that, in the event of bank failure, the County's deposits may not be returned. It is County policy to review and verify a bank's credit worthiness through a system of ratio analysis and from information provided by several third party sources. The County policy also places maximum limits on percent of portfolio, per issuer and duration. The County places concentration limits on banks based on bank size and creditworthiness analysis. As of December 31, 2015, \$36,236,786 of the County's bank balance (including certificates of deposit) of \$43,105,151 was uninsured and uncollateralized. Deposits of the Ottawa County Public Utilities System, Ottawa County Road Commission, and the portions of the Ottawa County Other Post Employment Benefit Plan and the Ottawa County Office of the Water Resources Commissioner that are pooled with the County's (primary government) deposits cannot be separately identified for federal depository insurance purposes.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

3. DEPOSITS AND INVESTMENTS (continued)

Primary Government (continued)

Custodial Credit Risk – Investments. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County's investment policy requires that investment securities be held in third-party safekeeping by an institution designated as primary agent. To reduce custodial risk further, the County's investment policy requires that all trades of marketable securities be executed by delivery versus payment to ensure that securities are deposited in an eligible financial institution prior to the release of funds. As of December 31, 2015, the County's \$37,588,306 in treasury investments, U.S. government agency securities, municipal bonds, and commercial paper were held in third-party safekeeping in the County's name.

The County also invests in money market funds that have their securities safe kept with a third party selected by the fund manager. However, the fund's securities are held in trust for the participants of the fund and are not available to the fund manager if the fund manager should happen to fail. The County believes this arrangement satisfies the County's investment policy's safekeeping requirement.

Credit Risk. State law limits investments in commercial paper to the top two ratings issued by nationally recognized statistical rating organizations with a maximum maturity of 270 days. The County's investment policy further limits its investment choices by limiting the maturity to A-1 270 days. The three money market bank investment pools used by the County are rated Aaa by Moody's, Fitch Ratings or Standard & Poor's. The County's investment policy is silent on the use of rated vs. unrated money market funds. In addition, there is no rating level requirement for those money market funds that are rated.

Concentration of Credit Risk. The County's investment policy specifies a plan to diversify and set concentration limits to further manage credit risk. The policy sets maximum percentages of the pooled portfolio by investment type with additional maximums by issuer. A minimum of 15% is to be invested in U.S. Treasuries. The policy sets a maximum of 50% in U.S. agencies with a maximum of 20% in any one issuer. Certificates of deposit have a 50% maximum with concentration limits set at 5% of the issuer's net worth.

At December 31, 2015, the County's investment portfolio was comprised of the following: Certificates of Deposit (37.8%), Treasury Notes (19.4%), FFCB (6.0%), FHLB (2.3%), FNMA (1.8%), FHLMC (5.3%) and Municipal Bonds (10.5%). All investments are in compliance with County's investment policy at December 31, 2015.

Interest Rate Risk. The County does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The policy sets the maximum maturity by specific type of security and by specific issuer with the maximum of 10 years. The average maturity of the portfolio as a whole may not exceed three years.

Foreign Currency Risk. The County's investment policy is silent regarding foreign currency risk. Management believes the County's exposure to foreign currency risk is immaterial.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

3. DEPOSITS AND INVESTMENTS (continued)

Ottawa County Other Post Employment Benefit Plan (OPEB Plan)

The Ottawa County Other Post Employment Benefit Plan can utilize all investment options allowed for the County as well as equity, corporate securities, and foreign investment. The OPEB Plan held the following investments as of December 31, 2015:

	Investment Maturities (fair value by years)				
	Fair Value	Less Than 1	1-5	6-10	Over 10
Certificates of deposit					
U.S. Treasuries	\$247,952	99,880	\$148,072		
U.S. Agencies:					
Bonds	\$76,717	\$25,786	\$50,931		
Corporate bonds	934,504	72,994	673,863	\$151,880	\$35,767
	1,259,173	\$198,660	\$872,866	\$151,880	\$35,767
Mutual funds:					
Money market	375,885				
Fixed income	99,578				
Domestic equity	2,764,424				
International equity	299,659				
Total investments held by the OPEB Plan	<u>\$4,798,719</u>				

Custodial Credit Risk – Investments. Of the balance of investments for OPEB Plan, the County has a custodial credit risk of \$0 because the assets are held and managed by Greenleaf Trust, on behalf of the County of Ottawa. They are held in third-party safekeeping in the name of Greenleaf Trust, acting as custodian and agent of the County of Ottawa and the trustee(s) of the OPEB Plan trust. Mutual funds, other than the money market fund, held in the OPEB Plan trust, are SEC-registered investment companies; shares of mutual funds are held in third-party safekeeping by Greenleaf Trust, through Matrix Settlement and Clearance Services, in the County's name. The money market fund held in the OPEB Plan trust is also an SEC-registered investment company; shares of such fund are held in third-party safekeeping by Greenleaf Trust, through Northern Trust and the custodian of the mutual fund, in the County's name.

Credit Risk. At December 31, 2015, the balance of investments of the OPEB Plan in fixed income mutual funds was \$99,578 and the investments were not rated. U.S. Government Agency Securities and U.S. and Foreign corporate bonds were rated by Standard & Poors as follows:

S&P Rating	Fair Value
AAA	\$247,952
AA+ to AA-	256,740
A+ to A-	566,863
BBB+ to BBB-	187,618
	<u>\$1,259,173</u>

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

3. DEPOSITS AND INVESTMENTS (continued)

Ottawa County Other Post Employment Benefit Plan (OPEB Plan) (continued)

Concentration of Credit Risk. The County's investment policy for the OPEB Plan provides for no more than 50% fixed income securities, 70% equities, 20% international securities, 15% commodities and 50% cash and equivalents. Investments at year-end comply with policy

Foreign Currency Risk. The County's investment policy is silent regarding foreign currency risk. The OPEB Plan has mutual funds with a fair value of \$299,659 containing international equities involving numerous currencies. Management believes the County's exposure to foreign currency risk from these equities is immaterial.

Blended Component Units

Ottawa County Insurance Authority (OCIA)

Public Act 218 of 1956 (the Insurance Code of 1956) establishes asset requirements for domestic insurers. Qualified assets as defined thereunder included investments in domestic and foreign stocks, bonds, and other indebtedness of solvent corporations as approved by the insurer's governing body entrusted with its investments, subject to certain percentage of portfolio limitations. Generally, the statute does not prohibit investments in any asset otherwise permitted to be held by any other person or corporation under Michigan laws. All of the OCIA's investments comply with State statutes.

As of December 31, 2015, the OCIA had the following investments and maturities in debt securities (none of which are callable):

	Cost	Fair Value	Investment Maturities (fair value by years)				
			No Maturity	Less Than 1	1-5	6-10	Over 10
Money market funds	\$330,442	\$330,442	\$330,442				
Debt securities:							
U.S. Treasuries	7,717,949	7,598,571	-	\$3,935,608	\$1,926,086	\$1,736,877	\$ -

Custodial Credit Risk – Deposits. The OCIA's savings account cash in the amount of \$1,202 at December 31, 2015 was FDIC insured.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

3. DEPOSITS AND INVESTMENTS (continued)

Blended Component Units (continued)

Ottawa County Insurance Authority (OCIA) (continued)

Custodial Credit Risk – Investments. The OCIA's short-term investments in money market funds amounting to \$330,442 at December 31, 2015 are rated AAAm by S&P and are not subject to custodial risk categorization. At December 31, 2015, the OCIA did not have any custodial credit risk on its restricted investments. Unrestricted investments (excluding money market funds) were uninsured, unregistered and held by the counterparty's trust department or agent, not in the OCIA's name.

Credit Risk. As of December 31, 2015, the OCIA's investments in U.S. Treasury notes were rated AAA by Moody's. Asset-backed securities totaling \$318,099 were rated AAA and asset-backed securities totaling \$408,524 were not rated. The OCIA's investments in corporate bonds were rated by Moody's as follows:

Rating	Fair Value
AAA	\$49,088
AA3	113,922
AA2	234,156
AA1	92,565
A3	626,748
A2	782,688
A1	994,974
BAA3	187,087
BAA2	1,128,515
BAA1	1,301,696
BA1	12,150
Unrated	34,329
	<u>\$5,557,918</u>

Concentration of Credit Risk. The OCIA's investment policy stipulates that investment managers may not invest more than 5% of the domestic equity, international equity or fixed income portfolio assets in the securities of one issuer at time of purchase, nor in more than 5% of the outstanding securities of one issuer. Excluding U.S. government guaranteed investments, mutual funds and pooled investments, the OCIA had no investment in a single issuer that exceeded 5% of total investments at December 31, 2015.

Interest Rate Risk. The OCIA does not have an investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Foreign Currency Risk. The OCIA's investment policy permits investing in foreign publicly held stocks, mutual funds, ETFs and other pooled investments. At December 31, 2015, the OCIA had a PNC International Equity Fund with a fair market value of \$3,607,461. Management believes the County's exposure to foreign currency risk from these equities is immaterial.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

3. DEPOSITS AND INVESTMENTS (continued)

Blended Component Units (continued)

Ottawa County Insurance Authority (OCIA) (continued)

Restricted Investments

In 1998, to comply with Michigan Insurance Bureau regulations, the OCIA transferred certain investments – i.e., U.S. Treasury Notes – to the Michigan Department of Treasury as security for the benefit of the OCIA's policyholders. As these investments mature, they are replaced with comparable investments to maintain a face value balance of \$5.0 million. Such investments held by the State Treasurer as of December 31, 2015 and 2014, are as summarized:

<u>Description</u>	<u>Maturity Date</u>	<u>Interest Rate</u>	<u>Face Value</u>	<u>Fair Value</u>	
				<u>2015</u>	<u>2014</u>
U.S. Treasury Notes	09/30/15	1.250%	\$ 550,000	\$ -	\$ 554,232
U.S. Treasury Notes	10/31/15	1.250%	435,000	-	438,568

U.S. Treasury Notes	11/15/21	2.000%	340,000	341,062	341,169
				<u>\$5,095,721</u>	<u>\$5,164,620</u>

Discretely Presented Component Units

Ottawa County Central Dispatch Authority (OCCDA)

The OCCDA reported cash and investments of \$6,451,983 at December 31, 2015. The balance consisted of the following:

Deposits	\$ 2,458,939
Investments	3,992,784
Petty cash	260
	<u>\$ 6,451,983</u>

Deposits

The deposits are in financial institutions located in Michigan. State policy limits the OCCDA's investing options primarily to financial institutions in Michigan. All accounts are in the name of the OCCDA and are recorded in their records at fair value. Interest is recorded when earned.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

3. DEPOSITS AND INVESTMENTS (continued)

Discretely Presented Component Units (continued)

Ottawa County Central Dispatch Authority (OCCDA) (continued)

Custodial Credit Risk – Deposits. For the OCCDA, \$1,789,916 of the \$2,539,809 bank balance at December 31, 2015 was exposed to custodial credit risk.

Investments

The Authority chooses to disclose its investments by specifically identifying them. As of December 31, 2015, the Authority had the following investments:

Investment	Maturity	Fair Value	Rate	Rating	Source
Money Markets	n/a	\$178,585		AAAm	S&P
FNMA	3/25/2039	250,916	2.50%	unrated	
FNMA	6/25/2039	333,724	2.00%	unrated	
FNMA	3/25/2044	489,400	3.00%	unrated	
FHLMC	7/15/2031	384,750	3.00%	unrated	
FHLMC	1/15/2036	617,032	2.75%	unrated	
FHLMC	4/15/2044	437,007	3.50%	unrated	
FHLB	5/19/2023	1,001,370	1.50%	Aaa	Moody's
Michigan St Strategic Fund Ltd.	10/1/2025	145,000	0.10%	A-2	S&P
Michigan St Strategic Fund Ltd.	11/1/2031	155,000	0.12%	A-2	S&P
		\$3,992,784			

Custodial Credit Risk – Investments. The OCCDA had custodial credit risk totaling \$3,814,199 at December 31, 2015 because the related securities are held by the counterparty's trust department, not in the Authority's name. At December 31, 2015, the OCCDA had \$178,585 invested in money market funds for which custodial credit risk exposure could not be determined because the mutual funds did not consist of specifically identifiable securities. OCCDA does not have a policy for investment custodial credit risk, nor does the State require one.

Ottawa County Public Utilities System

Cash and temporary investments and investments reported at December 31, 2015 consist of time and demand deposits with financial institutions as follows:

Cash and temporary investments	\$ 6,899,118
Investments	<u>3,112,000</u>
	<u>\$10,011,118</u>

Custodial Credit Risk. The above deposits are held by Ottawa County at December 31, 2015. The amount of deposit and investment risk can be determined for Ottawa County as a whole, but cannot be separately identified for the System.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS

6. INTERFUND, RECEIVABLES, PAYABLES, AND TRANSFERS (continued)

Interfund transfers within the Primary Government

Primary Government	Transfer In:			Total
	Community Mental Health	Parks and Recreation	Nonmajor Governmental Funds	
Transfer out:				
Major Funds:				
General Fund	\$ 563,108	\$ 7,500	\$ 12,690,833	\$13,261,441
Delinquent Tax Revolving Fund			150,000	150,000
Internal Service Funds			395,500	395,500
Nonmajor Governmental Funds			190,025	190,025
Total	\$ 563,108	\$ 7,500	\$ 13,426,358	\$13,996,966

Transfers are used to move unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations and move revenues from the fund that is required to collect them to the fund required, or allowed, to expend them.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

7. LEASES

Operating Leases

The County is a lessee under various operating leases for building and office space. Lease expenditures for the year ended December 31, 2015 amounted to \$240,858. Future minimum lease payments for these leases are as follows:

Year Ending	Amount
2016	\$100,816
2017	78,694
2018	24,548
	\$204,057
	\$204,057

The County is also a lessor under various operating lease agreements for office space and marinas. The original cost of these assets was \$7,761,449 and the accumulated depreciation totals \$2,574,319 leaving a carrying value of \$5,187,131. Lease revenue for the year ending December 31, 2015 was \$557,494. Future lease revenues for these leases are as follows:

Year Ending	Amount
2016	\$ 532,901
2017	536,396
2018	539,996
2019	475,013
2020	513,041
2021 - 2029	4,860,200
	\$ 7,457,547
	\$ 7,457,547

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

8. LONG-TERM DEBT

The County issues and guarantees bonds for governmental activities and component units to provide funds for the construction of water and sewage disposal systems, drains and buildings, and to refund previously issued bonds. The bonds are generally being repaid from funds received from local municipalities in the County and from drain assessments levied. Under the terms of the bond agreements with local municipalities, the local municipalities have pledged their full faith and credit to pay the amounts sufficient to make principal and interest payments on the bonds each year. The County has also pledged its full faith and credit for payment on the bonds, but has not established a reserve or sinking fund to cover defaults by property owners or local units. These bonds generally are issued as 20-year serial bonds with varying amounts of principal maturing each year.

The original issue amount of the primary government's bonds is \$61,535,000.

Bonds outstanding for which the County has pledged its full faith and credit are as follows:

Purpose	Interest Rate	Primary Government	Component Units		Total Ottawa County
			Ottawa County Public Utilities System	Ottawa County Office of the Water Resources Commissioner	
Governmental activities	0.75 - 7.25%	\$34,730,000	\$ 75,856,501	\$ 415,365	\$111,001,866
Governmental activities - refunding	0.95 - 4.35%	11,955,000	43,360,000		55,315,000
Total		<u>\$46,685,000</u>	<u>\$119,216,501</u>	<u>\$ 415,365</u>	<u>\$166,316,866</u>

Interest is payable on all bond obligations semi-annually, and principal payments are made annually. The annual debt service requirements to maturity for the bonds outstanding at year-end are as follows:

Governmental Activities

Year Ending December 31	Primary Government		Component Units	
	Principal	Interest	Principal	Interest
2016	\$ 3,515,000	\$ 1,565,224	\$ 5,633,767	\$ 4,860,431
2017	3,705,000	1,468,804	6,665,767	4,658,078
2018	2,815,000	1,358,709	6,305,766	4,440,740
2019	3,145,000	1,277,446	6,275,212	4,219,304
2020	3,530,000	1,181,364	5,497,853	3,988,119
2021-2025	20,635,000	3,882,568	29,646,534	16,492,548
2026-2030	9,340,000	631,180	31,191,968	10,298,888
2031-2035			22,505,000	3,610,262

Compensated absences	2,821,299	117,993	225,697	2,713,595	2,595,602
Total	\$56,661,699	\$12,174,527	\$15,775,697	\$53,060,529	\$6,435,762

During fiscal year 2015, the County issued \$11,955,000 of refunding bonds to provide resources to purchase U.S. Government securities that were placed in an irrevocable trust for debt service. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the statement of net position. This advanced refunding was undertaken to reduce total debt service payments by \$1,293,265, which resulted in an economic gain of \$1,155,651. As of December 31, 2015, \$13,075,000 of the outstanding bonds payable are considered defeased and scheduled to be called and paid in full in 2017.

Compensated absences are liquidated by the Compensated Absences Special Revenue Fund, a sub-fund of the General Fund, and landfill reclamation is liquidated by the Solid Waste Clean-up Special Revenue Fund.

The reporting entity's legal debt margin at December 31, 2015 is \$1,015,417,548.

Discretely Presented Component Units

	Beginning of Year	Additions	Reductions	End of Year	Due within One Year
Governmental activities:					
General obligation bonds	\$106,520,632	\$49,845,000	\$36,733,766	\$119,631,866	\$5,633,767
Special assessment bonds		1,449,256		1,449,256	95,000
Notes payable	1,558,400	300,000	415,000	1,443,400	521,600
Claims payable	455,756	250,996	162,555	544,197	
Compensated absences	1,464,618	370,330	376,724	1,458,224	216,248
Other post-employment benefits	973,792	52,063		1,025,855	
Total	\$110,973,198	\$52,267,645	\$37,688,045	\$125,552,798	\$6,466,615

During fiscal year 2015, the Public Utilities System issued \$30,845,000 of refunding bonds to provide resources to purchase U.S. Government securities that were placed in an irrevocable trust for debt service. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the statement of net position. This advanced refunding was undertaken to reduce total debt service payments by \$2,989,645, which resulted in an economic gain of \$2,434,518. As of December 31, 2015, \$33,901,000 of the outstanding bonds payable are considered defeased and scheduled to be called and paid in full in 2017.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

8. LONG-TERM DEBT (continued)

Changes in Long-Term Liabilities (continued)

The Ottawa County Office of the Water Resources Commissioner also had the following short term-note activity during 2015:

Discretely Presented Component Units

	Beginning of Year	Additions	Reductions	End of Year	Due within One Year
Governmental activities:					
Various Drainage Districts					
Notes payable, principal payments ranging from \$30,000 to \$120,000, due in 2016, plus interest of .96%	\$404,000	\$250,000	\$ 404,000	\$250,000	\$250,000

Conduit Debt

In 2011, the Economic Development Corporation of Ottawa County (EDC), a discretely presented component unit, issued \$10 million in limited obligation refunding revenue bonds on behalf of Hope College. Although this debt bears the name of the EDC, the EDC has no obligation for such debt beyond the resources provided by a lease or loan with Hope College. The proceeds were used to advance refund a portion of the \$16,385,000 in outstanding bond principal of the Michigan Higher Education Facilities Authority Limited Obligation Bonds, series 2002A. At December 31, 2015 \$7,035,000 was still outstanding.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

9. LANDFILL RECLAMATION

The County owns the Southwest Ottawa County Refuse Disposal Center ("SOCRDC") otherwise known as the Southwest Ottawa County Landfill. Waste Management operated the landfill from the early 1970's until it was closed in 1981. The landfill was closed per the terms of the "1981 closure agreement" between the County and the Department of Natural Resources (DNR). The agreement outlined a plan to cap the landfill and install a pump and carbon filtration system. Waste Management installed the cap in the mid 1980's; the pump and carbon filtration system was built by the County in 1987, as per the terms of the closure agreement. The County has been operating the pump and filter system 24 hours a day, 7 days a week since beginning operation in 1987.

The pump and filter system have not been effective in containing the plume of contaminants in the groundwater down gradient from the landfill. As a result, contaminants have escaped past the outer purge wells and are migrating southwest towards Lake Michigan. Even though the contaminated water meets drinking water standards, the County is providing municipal water to the property owners in the path of the plume, and is working with the local unit of government to place institutional controls on future users moving into the area. The County has completed negotiations with the Michigan Department of Environmental Quality (MDEQ), formerly known as the DNR, with a revised plan to clean up the contamination. The County began work in 2006 to recap the landfill. Enhancing the water filtration system started in 2006 as well, costing \$4,600,973 to date. The total cost of these enhancements including water and sewer hook-ups for affected residents is projected to exceed \$4.8 million. Landfill post closure cost estimates are subject to change based on inflation, deflation, technology or changes to applicable laws or regulations.

The County's estimate of annual operating and maintenance costs and capital improvements for the purge system is as follows:

Year Ending	Present Value of Estimated Cost
2016	\$ 325,160
2017	533,931
2018	304,520
2019	312,912
2020	361,541
2021-2025	1,823,869
Total	\$ 3,661,934

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

10. DEFINED BENEFIT PENSION PLAN

County of Ottawa

Plan Description

The employer's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The employer participates in the Municipal Employees Retirement System (MERS) of Michigan. MERS is an agent multiple employer, statewide public employee pension plan established by the Michigan Legislature under Public Act 135 of 1945 and administered by a nine member Retirement Board. MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the MERS website at www.mersofmich.com.

Benefits provided

Benefits provided include plans with multipliers ranging from 1.70 to 2.50. Vesting period of 6-10 years. Normal retirement age is 60. Final average compensation is calculated based on a 3 years average.

Membership of the defined benefit plan consisted of the following at the date of the latest actuarial valuation (December 31, 2014):

Inactive employees or beneficiaries currently receiving benefits:	496
Inactive employees entitled but not yet receiving benefits:	166
Active employees:	707
Total	1,369

Contributions

The County is required to contribute at an actuarially determined rate, which for the current year was 4.64% of annual covered payroll depending on position and classification. Participating employees are required to contribute from 0.00% to 6.99% percent of gross wages to the Plan based on position and classification. The contribution requirements of the County are established and may be amended by the MERS Retirement Board. The contribution requirements of employees are established and may be amended by labor agreements.

Net Pension Liability

The employer's Net Pension Liability was measured as of December 31, 2014, and the total pension liability used to calculate the Net Pension Liability was determined by an annual actuarial valuation as of that date.

The total pension liability in the December 31, 2014 annual actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation: 3%-4%

Salary Increases: 4.5% in the long-term (1%, 2% and 3% for calendar years 2014, 2015 and 2016, respectively)

Investment rate of return: 8%, net of investment expense, including inflation

Mortality rates used were based on the 1994 Group Annuity Mortality Table of a 50% Male and 50% Female blend. For disabled retirees, the regular mortality table is used with a 10-year set forward in ages to reflect the higher expected mortality rates of disabled members.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

10. DEFINED BENEFIT PENSION PLAN (continued)

Net Pension Liability (continued)

The actuarial assumptions used in valuation were based on the results of the most recent actuarial experience study.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment and administrative expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	57.50%	5.02%
Global Fixed Income	20.00%	2.18%
Real Assets	12.50%	4.23%
Diversifying Strategies	10.00%	6.56%

Discount rate. The discount rate used to measure the total pension liability is 8.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a)-(b)
Balance at 12/31/14	\$219,413,166	\$165,647,423	\$53,765,743

10. DEFINED BENEFIT PENSION PLAN (continued)

Sensitivity of the Net Pension Liability to changes in the discount rate

The following presents the net pension liability of the employer, calculated using the discount rate of 8.25%, as well as what the employer's net pension liability would be using a discount rate that is 1 percentage point lower (7.25%) or 1% higher (9.25%) than the current rate.

	1% Decrease	Current Discount rate	1% Increase
Total Pension Liability	\$229,985,802	\$232,308,891	\$234,631,980
Fiduciary Net Position	202,963,806	202,963,806	202,963,806
Net Pension Liability	<u>\$ 27,021,996</u>	<u>\$ 29,345,085</u>	<u>\$ 31,668,174</u>

Pension expense and deferred outflows and deferred inflows of resources related to pensions

For the year ended December 31, 2015 the employer recognized pension expense of \$7,537,772. The employer reported deferred outflows and inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences in experience	\$ -	\$ -
Differences in assumptions	-	-
Excess(Deficit) Investment Returns	3,390,999	-
Contributions subsequent to the Measurement date*	6,686,141	-
Total	<u>\$ 10,077,140</u>	<u>\$ -</u>

*The amount reported as deferred outflows of resources resulting from the contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability for the year ending 2016.

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

2016	\$ 847,750
2017	847,750
2018	847,750
2019	847,749
2020	-
Thereafter	-

Ottawa County Road Commission

Plan Description

The employer's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The employer participates in the Municipal Employees Retirement System (MERS) of Michigan. MERS is an agent multiple employer, statewide public employee pension plan established by the Michigan Legislature under Public Act 135 of 1945 and administered by a nine member Retirement Board. MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the MERS website at www.mersofmich.com.

Benefits provided

Benefits provided include plans with multipliers ranging from 2.25 to 2.50. Vesting period of 6-10 years. Normal retirement age is 60. Final average compensation is calculated based on a 3 years average.

Membership of the defined benefit plan consisted of the following at the date of the latest actuarial valuation (December 31, 2014):

Inactive employees or beneficiaries currently receiving benefits	134
Inactive employees entitled but not yet receiving benefits	10
Active plan members	108
Total	252

Contributions

The City is required to contribute at an actuarially determined rate, which for the current year was from 22.13 to 56.68% of annual covered payroll depending on position and classification. Participating employees are required to contribute from 3% to 4% percent of gross wages to the Plan based on position and classification. The contribution requirements of the City are established and may be amended by the MERS Retirement Board. The contribution requirements of employees are established and may be amended by labor agreements.

Net Pension Liability

The employer's Net Pension Liability was measured as of December 31, 2014, and the total pension liability used to calculate the Net Pension Liability was determined by an annual actuarial valuation as of that date.

The total pension liability in the December 31, 2014 annual actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation: 3%-4%

Salary Increases: 4.5% in the long-term (1%, 2% and 3% for calendar years 2014, 2015 and 2016, respectively)

Investment rate of return: 8.25%, net of investment expense, including inflation

Mortality rates used were based on the 1994 Group Annuity Mortality Table of a 50% Male and 50% Female blend. For disabled retirees, the regular mortality table is used with a 10-year set forward in ages to reflect the higher expected mortality rates of disabled members.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

11. DEFINED CONTRIBUTION PENSION PLAN

The County's defined contribution pension plans provide pension benefits for certain employee groups hired after January 1, 2012 who are eligible for MERS membership and those hired before January 1, 2012 electing participation in the defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employer and plan member contributions are recognized in the period that the contributions are due. Plan investments are excluded from this report as the fiduciary responsibility for this plan rests with MERS.

Participation in the defined contribution plan is mandatory for all eligible employees. The County contributes 3% of each participant's base salary to the plan. Employees are required to contribute a minimum of 3% of base pay to the plan. The County also matches employee contributions up to a total County contribution of 6%. Participating employees are vested 50% after 3 years of service, 75% after 4 years of service, and 100% after 5 years of service. The plan provisions and contribution amounts were established by the County Board and may be amended by the County Board. The plan is administered by MERS. The County and member contributions were \$506,009 and \$532,577, respectively, for the current year.

The Ottawa County Central Dispatch Authority's defined contribution pension plan provides pension benefits for employees hired after January 1, 2000 who work 30 or more hours per week and those hired before January 1, 2000 electing participation in the defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate immediately upon employment. The Authority contributes 2% of each participant's base salary to the plan. The Authority also matches employee contributions up to a total Authority contribution of 5%. Employees are required to contribute a minimum of 2% of base pay to the plan. Participating employee contributions are vested 100% upon hire. The plan provisions and contribution amounts were established by the Authority Board and may be amended by the Authority Board. The plan is administered by MERS.

The Authority and member contributions were \$74,166 and \$74,166, respectively, for the current year. Employer and plan member contributions are recognized in the period the contributions are due. Plan investments are excluded from this report as the fiduciary responsibility rests with MERS.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

12. OTHER POST EMPLOYMENT BENEFITS

County of Ottawa

The County administers a single-employer defined benefit healthcare plan (the Retiree Health Plan). The plan provides health insurance premiums for retirees until age 65 (Medicare eligible). Benefit provisions are established through negotiations between the County and bargaining units and employee groups. For employees hired before January 1, 2008, the County offers health care benefits to retirees that they may purchase at the actuarially determined blended rate for current employees and retirees. There are currently 874 active employees and retirees in the plan. The Retiree Health Plan does not issue a publicly available financial report, but a legal trust has been established for the plan.

In addition, the County provides certain post-retirement health care benefits to unclassified employees and employees of the Police Officers Association of Michigan and the Command Officers Association of Michigan in accordance with their contracts in which the County will credit the retiree \$4 - \$10 for each year of service, to a maximum of \$100 - \$250 per month, to be applied toward health coverage through the County for the retiree and spouse until age 65. The County makes contributions to the Other Post Employment Benefit Fund based on actuarially determined rates.

Annual OPEB Cost

The County's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with parameters of GASB Statement #45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period of 30 years. In the January 1, 2015, actuarial valuation, the projected unit credit actuarial cost method, level dollar, open amortization method, and an amortization period of 30 years were utilized. The actuarial assumptions included a 5% return on plan net position, general inflation of 2.8%, and medication inflation rate declining from 10% in 2013 to 4.3% in 2134 with implicit subsidy provided.

For the current year the County's contribution was \$224,871. Current year contributions were the actuarially determined requirements to amortize the net OPEB asset from prior years.

The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's OPEB obligation to the plan:

Annual required OPEB contribution	\$ 224,871
Interest on net OPEB asset	(22,657)
Adjustment to annual retired contributions	28,073
Annual OPEB cost	230,287
 Contributions made by the County	 224,871
 Decrease in new OPEB asset	 (5,416)
Net OPEB asset, beginning of year	453,133
Net OPEB asset, end of year	\$ 447,717

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

12. OTHER POST EMPLOYMENT BENEFITS (continued)

County of Ottawa (continued)

Three Year Trend Information:

Fiscal Year End	Annual OPEB Cost	Percentage of OPEB Cost Contributed	Net OPEB Asset
12/31/2013	\$ 207,666	98%	\$ 458,615
12/31/2014	235,060	98%	453,133
12/31/2015	230,287	98%	447,717

Accrued Actuarial Liability

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

Funding Progress: As of December 31, 2015, the date of the most recent actuarial valuation date, the plan was 98.09 percent funded. The actuarial accrued liability for benefits was \$5,235,560, and the actuarial value of assets (fair value) was \$5,135,652, resulting in an unfunded accrued actuarial liability (UAAL) of \$99,908. The covered payroll (annual payroll of active employees covered by the plan) was \$38,951,452, and the ratio of the UAAL to the covered payroll was 0.26 percent. The schedule of funding progress, presented as required supplementary information immediately following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Ottawa County Road Commission

The Ottawa County Road Commission administers a single-employer defined benefit healthcare plan (the Retiree Health Plan). The plan provides health insurance premiums for retirees until age 65 (Medicare eligible). Benefit provisions are established through negotiations between the Commission, bargaining units and employee groups. The Commission makes 100% of the premium payment to the plan. The Retiree Health Plan does not issue a publicly available financial report and a legal trust has not been established for the plan.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

12. OTHER POST EMPLOYMENT BENEFITS (continued)

Ottawa County Road Commission (continued)

Annual OPEB Cost

The Commission's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement #45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period of 30 years. The first actuarial valuation of the Retiree Health Plan was performed as of January 1, 2008 with the requirements of GASB Statement # 45 being implemented prospectively.

The Commission's contribution is based on pay-as-you-go financing requirements. For the current year, the annual required contribution (ARC) was \$263,181 while actual contributions were \$139,720.

The following table shows the components of the Commissions annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Commission OPEB obligation to the plan.

Annual required OPEB contribution	\$ 263,181
Interest on net OPEB asset	38,952
Adjustment to annual retired contributions	<u>(110,350)</u>
Annual OPEB cost	191,783
Contributions made	139,720
Decrease in new OPEB asset	52,063
Net OPEB asset, beginning of year	<u>973,792</u>
Net OPEB asset, end of year	<u><u>\$1,025,855</u></u>

Three Year Trend Information:

Fiscal Year End	Annual OPEB Cost	Percentage of OPEB Cost Contributed	Net OPEB Asset
9/30/2013	\$ 229,894	55%	\$ 910,934
9/30/2014	230,590	73%	973,972
9/30/2015	191,783	73%	1,025,855

Accrued Actuarial Liability

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Commission is currently funding the plan on a pay as you go basis.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

12. OTHER POST EMPLOYMENT BENEFITS (continued)

Ottawa County Road Commission (continued)

Accrued Actuarial Liability (continued)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

In the October 1, 2014 actuarial valuation, the projected unit credit actuarial cost method, level dollar, closed amortization method, and an amortization period of 10 years were utilized. The remaining amortization period at October 1, 2014, was 10 years. The actuarial assumptions included a 0% return on plan net position as the plan is not funded, a discount rate of 4%, and 8% inflation in 2015 graded to 5% in 2021, with implicit subsidy provided.

Funding Progress: As of October 1, 2014, the date of the most recent actuarial valuation date, the plan was completely unfunded because the Commission's financing is on a pay-as-you-go basis. The actuarial accrued liability for benefits was \$1,632,020, and the actuarial value of assets was \$0, resulting in an unfunded accrued actuarial liability (UAAL) of \$1,632,020. The covered payroll (annual payroll of active employees covered by the plan) was \$0, and the ratio of the UAAL to the covered payroll was 0%. The schedule of funding progress, presented as required supplementary information immediately following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

13. SELF-INSURANCE

The County is self-funded for liability, worker's compensation, and unemployment insurance. The claims liabilities reported at December 31, 2015 are based on the requirements of Statement No. 10 of the Governmental Accounting Standards Board, which requires that a liability for claims be reported if it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated.

The Ottawa County, Michigan Insurance Authority (the "OCIA") blended component unit accounts for the self-insurance program for municipal excess liability, law enforcement liability, professional liability, and property liability. The OCIA's participating members include the County of Ottawa and the Ottawa County Building Authority blended component unit.

The OCIA records unpaid claims liabilities based on estimates of the ultimate cost of claims, including future claim adjustment expenses, that have been reported but not settled, and of claims that have been incurred but not reported. Because actual claims depend on such complex factors as inflation, damage awards and changes in legal liability doctrines, the process used in computing claims liabilities does not necessarily result in an exact amount, particularly for coverages such as general liability. Claims liabilities are (or will be) recomputed periodically using a variety of claims frequency and other economic and societal factors. Adjustments to claims liabilities are charged or credited to expense in the periods in which they are made.

The OCIA purchases municipal excess liability, auto liability, professional liability and property coverage. Property coverage carries a \$50,000 deductible and the liability coverages attach above a \$1 million self-insured retention for all other coverages. The liability policy provides coverage of up to \$5 million for liability protection. In addition, the OCIA provides coverage above the \$5 million for total aggregate coverage of \$20 million. The property coverage is \$138,600,000, which is \$1,850,000 more than the prior year. Coverage was adjusted to reflect updated property values.

The revenues for this fund's operation are reimbursements from various funds. The funds are charged based on the number of full time equivalents, number of vehicles and other pertinent information. Losses, damages and administrative expenses are all paid from this fund. Administrative expenses are first paid from Internal Service fund 6770, Protected Self-Funded Insurance Programs and then invoiced to the Authority. The claim liability for known claims and incurred but not reported claims are determined by an actuary. No annuity contracts have been purchased to satisfy claim liabilities. Settled claims have not exceeded insurance coverage in the history of the self-insurance program.

The changes in the claims liability for the years ended December 31, 2015 and 2014 as recorded in the OCIA are as follows:

	Current Year			
	Beginning of Year	Claims and Changes	Claim	End of Year
	Liability	in Estimates	Payments	Liability
2015	\$ 7,288,502	\$ 836,475	\$ 466,677	\$ 7,658,300
2014	7,075,958	673,795	461,251	7,288,502

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

13. SELF-INSURANCE (continued)

The County's self-insured worker's compensation program provides Michigan statutorily required coverage for worker's compensation claims. It also provides employer's liability coverage of \$5 million excess above the \$750,000 self-insured retention. An independent third party administrator administers the program for an annual fee. The claim liability for known claims and incurred but not reported claims are determined by an actuary. The changes in worker's compensation liability for the years ended December 31, 2015 and 2014 are as follows:

	Beginning of Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	End of Year Liability
2015	\$ 158,167	\$ 55,274	\$ 72,583	\$ 140,858
2014	122,501	309,767	274,101	158,167

Beginning January 1, 2011, the County purchased commercial insurance for health, dental and optical coverage for employees. Premiums and associated costs are recorded in the Employee Benefits internal service fund (6771). This fund allocates the cost of the insurance program to departments based on full time equivalents. The County has had no settled claims resulting from these risks that exceeded their commercial coverage in any of the past three fiscal years.

The self-insurance program for unemployment is accounted for in the Protected Self-Funded Unemployment fund (Internal Service fund 6772). Unemployment claims are reimbursed to the Michigan Employment Security Commission based on actual claims annually and were \$101,719 and \$51,752 in 2015 and 2014, respectively.

Discretely Presented Component Units

The Ottawa County Central Dispatch Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority carried commercial insurance to cover risks of losses. Settled claims have not exceeded insurance coverage for the last three fiscal years.

Ottawa County Public Utilities System is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees and natural disasters. In order to minimize its exposure to these risks, Ottawa County Public Utility System participates in the Michigan County Road Commission Self-Insurance Pool. Settled claims relating to participation in Michigan County Road Commission Self-Insurance Pool have not exceeded the amount of insurance coverage in any of the past three fiscal years.

The Ottawa County Road Commission is exposed to lawsuits and claims made by individuals. In response to this exposure, the Ottawa County Road Commission participates in the Michigan County Road Commission Self-Insurance Pool (MCRCSIP). Participation in the MCRCSIP requires payment of premiums to the pool. The pool purchases commercial reinsurance on behalf of its members. Due to the Road Commission's participation in this pool, the liability of the Ottawa County Road Commission relative to claims covered by the pool is limited to \$25,000 per occurrence.

The Road Commission's self-funded workers' compensation program contains stop-loss and coverage of \$300,000 per incident. This limits the Commissions' responsibility for payment to \$300,000 per workers' compensation claim.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

13. SELF-INSURANCE (continued)

Discretely Presented Component Units (continued)

The Road Commission's self-funded insurance claims that have been incurred through September 30, 2015 include both those claims that have been reported as well as those that have not been reported. These estimates are recorded in the government-wide statements as they are not expected to be liquidated with available financial resources. The Commission is exposed to various risks of loss related to torts, destruction of assets and errors and omissions for which it obtains coverage from commercial insurance companies. The Commission had no settled claims resulting from these risks that exceeded commercial coverage in any of the past three years.

The changes in the claims liability for the years ended September 30, 2015 and 2014 are as follows:

		Beginning of Year		Current Year		End of Year
		Liability		Claims and Changes in Estimates	Claim Payments	Liability
MCRCSIP Liability Plan						
2015	\$	434,487	\$	(434,487)	-	-
2014		29,919		489,999	85,431	434,487
Workers' Compensation Plan						
2015	\$	21,269	\$	83,926	62,463	42,732
2014		31,446		53,354	63,531	21,269

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

14. LITIGATION

In the normal course of its activities, the County is a party to various legal actions and subject to certain asserted and unasserted claims and assessments. Although some actions have been brought, the County has not experienced significant losses or costs. The County administration is of the opinion that the outcome of any pending actions will not have a material effect on the County's financial position or results of operations.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

15. RELATED PARTY TRANSACTIONS

At December 31, 2015, the County's financial statements included taxes receivable of \$4,273,022 and unavailable revenue of \$4,489,062 on behalf of the Ottawa County Central Dispatch Authority (OCCDA) relating to a special millage for central dispatch services, which was levied for use in 2016. In addition, during the year ended December 31, 2015, Ottawa County provided OCCDA operating grants of \$4,498,844 from the 2015 levy.

At December 31, 2015, the County's financial statements included taxes receivable of \$4,857,037 and unavailable revenue of \$5,100,900 on behalf of the Ottawa County Road Commission relating to a special millage for roads, which was levied for use in 2016.

The Office of the Water Resources Commissioner assesses the Ottawa County Road Commission (a component unit of Ottawa County) and Ottawa County (the primary government of which the Water Resources Commissioner is a component unit) for drain projects. During 2015, the County paid assessments to the Water Resources Commissioner of \$34,772, which remained outstanding at December 31, 2015. The County pays for the wages and administrative costs on behalf of the Water Resources Commissioner.

Ottawa County Public Utilities System (the System) incurred expenses of \$670,000 for wages and equipment provided by the Ottawa County Road Commission, which also provides fiscal and managerial services to the System. At year-end, the System owed the Ottawa County Road Commission \$59,003 for these goods and services.

COUNTY OF OTTAWA, MICHIGAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2015

16. PRIOR PERIOD ADJUSTMENT

County of Ottawa

Beginning net position of the County was decreased by \$30,768,837 to record the net pension asset write-off in accordance with the implementation of Governmental Accounting Standards Board Statement No. 68.

Beginning net position of the County was decreased by \$53,765,743 to record the net pension liability in accordance with the implementation of Governmental Accounting Standards Board Statement No. 68.

Beginning net position of the County was increased by \$35,349,429 to record deferred outflows in accordance with the implementation of Governmental Accounting Standards Board Statement No. 71.

Ottawa County Road Commission

Beginning net position of the Commission was decreased by \$18,522,067 to record the net pension liability in accordance with the implementation of Governmental Accounting Standards Board Statement No. 68.

Beginning net position of the Commission was increased by \$1,151,990 to record deferred outflows in accordance with the implementation of Governmental Accounting Standards Board Statement No. 71.

Ottawa County Central Dispatch Authority

Beginning net position of the Authority was decreased by \$218,156 to record the net pension liability in accordance with the implementation of Governmental Accounting Standards Board Statement No. 68.

Beginning net position of the Authority was increased by \$36,012 to record deferred outflows in accordance with the implementation of Governmental Accounting Standards Board Statement No. 71.

COUNTY OF OTTAWA

NONMAJOR GOVERNMENTAL FUNDS

FOR THE YEAR ENDED DECEMBER 31, 2015

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for revenue from specific revenue sources (other than major capital projects) and related expenditures which are restricted for specific purposes by administrative action or law.

Friend of the Court Fund (2160) - This Fund accounts for the operations of the Friend of the Court including the Co-op Reimbursement Grant, the Medical Support Enforcement Grant, and the 3% Friend of the Court incentive payments established under Act 297 of 1982, Section 2530.

Other Governmental Grants (2180) - This fund was opened in 2012 and accounts for various grants, primarily judicial grants, previously reported in funds 2170, 2320 and 2941.

Health Fund (2210) - This fund is used to account for monies received from Federal, State, and local grants and County appropriations. These monies are utilized in providing a variety of health related services to County residents.

Landfill Tipping Fees Fund (2272) - This Fund was established to account for the County's share of the tipping fee surcharge of Ottawa County Farms landfill starting in 1991 in accordance with an agreement between Ottawa County, Sunset Waste System, Inc., and the Township of Polkton. The monies are to be used for implementation of the Solid Waste Management Plan.

Farmland Preservation (2340) - This fund is used to account for cash purchases and/or installment purchases of development rights voluntarily offered by landowners. Once purchased, an agricultural conservation easement is placed on the property which restricts future development.

Brownfield Redevelopment Authority (2430) - This fund was established by the County Board for the purpose of revitalizing certain environmentally distressed or functionally obsolete and/or blighted areas in the County.

Homestead Property Tax (2550) - This fund was established as a result of the passage of Public Act 105 of 2003 which provides for the denial of homestead status by local governments, counties and/or State of Michigan. The County's share of interest on tax revenue collected under this statute is to be used solely for the administration of this program, and any unused funds remaining after a period of three years may be transferred to the county general fund (MCL 211.7cc, as amended).

Register of Deeds Technology Fund (2560) - This Fund was established under Public Act 698 of 2002 to account for newly authorized additional recording fees effective March 31, 2003. The revenue collected is to be spent on technology upgrades.

Sheriff Grants & Contracts (2630) - These funds account for various public safety grants and contracts for policing services with County municipalities.

Concealed Pistol Licensing (2631) - This Fund was established under Public Act 3 of 2015 to account for the deposit of fees, and expense of costs, of administering the act.

Michigan Works (2745) and Community Action Agency (2746) - These funds account for various labor related grants (including Workforce Investment Act grants) received by the Michigan Works agency and Community Action Agency. The funds were opened in 2012 to record grants previously reported in other Workforce Investment Act Funds, the Emergency Feeding Fund (2800), the Federal Emergency Management Agency fund (2810), the Community Action Agency fund (2870) and the Weatherization fund (2890).

COUNTY OF OTTAWA

NONMAJOR GOVERNMENTAL FUNDS

FOR THE YEAR ENDED DECEMBER 31, 2015

SPECIAL REVENUE FUNDS (continued)

Department of Human Services (2901) - This Fund is used primarily to account for monies from State and local funding sources and to assist with the welfare program which offers aid to disadvantaged individuals of Ottawa County.

Child Care Funds (2920) - This Fund is used to account for foster child care in the County. This encompasses the Ottawa County Detention Center, which is a facility that houses juveniles on a short-term basis. The primary funding comes from the State and a County appropriation which is used to aid children who require placement outside of their home.

DEBT SERVICE FUND

Building Authority Funds (3515 – 3517; 3600) – These Funds were established to account for the accumulation of resources for payment of principal and interest on bonds issued to finance building projects for the County of Ottawa. Financing is provided by cash rental payments pursuant to lease agreements with the County of Ottawa.

CAPITAL PROJECTS FUND

Qualified Energy Conservation Bond (4010) - This Fund was established to account for the receipt of the Qualified Energy Conservation bond issues and the associated expenditures.

Capital Projects (4020) - This Fund was established to account for the receipt of funds Under Act 136, Public Acts of 1956 (Sections 141.261-141.263, Compiled Laws of 1979), which are restricted for statutory Public Improvement.

PERMANENT FUND

Cemetery Trust Fund (1500) - This Fund was established under State statute to care for cemetery plots of specific individuals who have willed monies in trust to the County for perpetual care of their gravesites.

INTERNAL SERVICE FUNDS

Internal Service Funds are established to account for the financing of goods or services provided by one department to other departments of the governmental unit on a cost-reimbursement basis.

Information Technology Fund (6360) - The Information Technology Fund is used to account for revenues collected from user departments for service charges to cover the costs incurred in the operation of the department including computer processing time and programming time.

Duplicating Fund (6450) - The Duplicating Fund is used to account for revenues received from user departments and expenses incurred in providing copier services.

Telecommunications Fund (6550) - The Telecommunications Fund is used to account for revenues received from user departments and expenses incurred in providing telephone service.

Equipment Pool Fund (6641) - The Equipment Pool Fund is used to account for revenues collected from user departments for the equipment rental charges to cover the costs incurred to administer the equipment pool fund and depreciation of the equipment.

COUNTY OF OTTAWA

NONMAJOR GOVERNMENTAL FUNDS

FOR THE YEAR ENDED DECEMBER 31, 2015

INTERNAL SERVICE FUNDS (continued)

Protected Self-Funded Insurance Programs Fund (6770) - The Protected Self-Funded Insurance Programs Fund is used to account for the administrative costs associated with managing the self-insured portion of the vehicle protection program, the workers' compensation program, the liability protection program and the property and fire protection program.

Employee Benefits Fund (6771) - The Protected Self-Funded Employee Insurance Fund is used to account for revenues collected from user departments for the payment of costs incurred to administer the employee insurance programs, third party administrative expenses and actual premiums paid.

Protected Self-Funded Unemployment Fund (6772) - The protected Self-Funded Unemployment Fund is used to account for revenues collected from user departments for the payment of costs incurred to administer the self-funded unemployment insurance program, third party administrative expenses and actual unemployment claims paid.

Long-Term Disability Insurance Fund (6775) - The Long-term Disability Insurance Fund is used to account for revenues collected from user departments for the payment of costs incurred to administer the long-term disability insurance program and insurance premiums paid.

Ottawa County, Michigan Insurance Authority Fund (6780) - The Ottawa County, Michigan Insurance Authority Fund is used to account for insurance coverage and risk management related services to participating public entities pursuant to State of Michigan Act No. 36 of the Public Acts of 1988.

Protected Self-Funded Insurance - Mental Health Fund (6782) - The Protected Self-Funded Insurance - Mental Health Fund is used to account for funds covering risk exposure under the Managed Care Specialty Services Program.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds.

AGENCY FUNDS

Trust and Agency Fund (7010) - This Fund was established to account for monies received by the County for later distribution to other agencies or persons. Primarily the fund accounts for revenue received and later remitted to the State of Michigan.

Library Penal Fine Fund (7210) - This Fund was established under Act 236, Section 4351 to account for monies received from District Court fines which are allocated annually for operations of libraries in the County.

Imprest Payroll Fund (7040) - This Fund was established to account for the salaries and fringes of the County employees payroll. Money is disbursed from the Imprest Payroll Fund after being reimbursed by the benefiting funds.

Inland Lake Improvement (8725) - The Drain Commissioner serves on various inland lake boards that do not meet the requirements of a component unit. The Drain Commissioner also serves as the treasurer for these boards, so the financial activity is recorded on the County's general ledger. Accordingly, the County is recording this activity in an agency fund.

COUNTY OF OTTAWA

STATISTICAL SECTION

This part of the County of Ottawa's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	
These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	132
Revenue Capacity	
These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.	138
Debt Capacity	
These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	142
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.	145
Operating Information	
These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	147

Source: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

- (1) Real and personal properties have been combined into the categories above.
- (2) County assesses property at approximately 50% of the actual value.
- (3) For taxes levied in 1995, and each year thereafter, the legislature shall provide for the taxable value of each parcel of property not to increase by more than the increase in the immediately preceding general price level (CPI), or 5%, whichever is less, until such time as ownership of the property is transferred. When ownership of the parcel is transferred, the parcel shall be assessed at the applicable proportion of the current true cash value.

(1) In October of 2004, the State of Michigan suspended State Revenue Sharing payments to counties. To assist counties in preventing the loss of key services, the county property tax levy was gradually moved up from December to July over three years. Effective December 2004 through 2006 tax collection, one third of the levy was placed into a County managed Revenue Sharing Reserve Fund (RSRF), and the County withdrew an amount equal to what we would have received in 2004, plus an annual increase equal to CPI (Consumer Price Index).

Source: Municipal Advisory Council of Michigan

(1) Includes bonds issued through Ottawa County Public Utilities System and paid by local municipalities

(2) Overlapping debt is calculated for an entity based upon assessed values received from the State of Michigan which determines the issuer's proportionate share of the debt of other local governmental units that either overlap it (the issuer is located either wholly or partly within the geographic limits of other units) or underlie it (the other units are located within the geographic limits of the issuer). The debt is apportioned based upon relative assessed values.

(1) The County guarantees the Bonded Debt of Public Utilities as well as the Munn Drain which is included in 2010, they do not guarantee the Bonded Debt of the Nunica Drain bond of the Water Resources Commissioner. Consequently, these amounts are not included in the above total for General Obligation Bonded Debt.

(2) See Assessed Value and Estimated Value of Taxable Property Statistics.

(3) See Demographic and Economic Statistics for Population.

Note: Under State of Michigan law, the County's outstanding debt should not exceed 10% of state equalized value less amounts available for repaying the applicable bonds.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

June 27, 2016

Board of County Commissioners
County of Ottawa
West Olive, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the County of Ottawa, Michigan (the County) as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 27, 2016. Our report includes a reference to other auditors who audited the financial statements of the Community Mental Health Special Revenue Fund as described in our report on the County's financial statements. This report does not include the results of other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

June 27, 2016

Board of County Commissioners
County of Ottawa
West Olive, Michigan

Report on Compliance for Each Major Federal Program

We have audited the County of Ottawa, Michigan's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2015. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2015.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

COUNTY OF OTTAWA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

FOR THE YEAR ENDED DECEMBER 31, 2015

1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the County of Ottawa, Michigan and is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in the financial statements.

2. ACCOUNTING PERIOD

Certain funds of the County utilize the fiscal years ended September 30, 2015 and December 31, 2015. Programs that fall under a different fiscal year are reported on the schedule expenditures of federal awards based on the fund's fiscal year-end.

3. SUBRECIPIENTS

Of the federal expenditures presented in the accompanying schedule of expenditures of federal awards, the County provided federal awards to subrecipients as follows:

Program Title	CFDA Number	Amount Provided to Subrecipients
Homeland Security Grant Program FY14	97.067	\$ 1,417
Homeland Security Grant Program FY14	97.067	348
National Priority Safety Programs - Underage Drinking Enforcement FY15	20.616	2,164
National Priority Safety Programs - Strategic Traffic Enforcement Program FY15	20.616	16,719
WIOA National Dislocated Worker Grants / WIA National Emergency Grants	17.277	71,690
WIOA National Dislocated Worker Grants / WIA National Emergency Grants	17.277	1,381
Emergency Solutions Grant Program FY15	14.231	10,221
Emergency Solutions Grant Program FY15	14.231	78,451
Emergency Solutions Grant Program FY15	14.231	12,899
Block Grants for Prevention and Treatment of Substance Abuse	93.959	28,500
Total		\$ 223,790

Amounts passed through by the County to a subrecipient in previous years were found to be unallowable costs in 2011. The amount is being returned to the County and remitted by the County to the State agency in accordance with an approved payment plan. These payments were completed in 2015.

COUNTY OF OTTAWA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

FOR THE YEAR ENDED DECEMBER 31, 2015

4. COMMODITIES EXPENDITURES

Expenditures as reported on the Schedule of Expenditures of Federal Awards agree with the County general ledger and include inventory adjustments in accordance with generally accepted accounting principles.
